Customer Reviews

This was such a cute story. I am a 40-something Mom and read it while we were camping as a Summer read. I really think my 13-yr daughter would enjoy it, but she doesn't like to read. It definitely falls under young romance. It's a quick read. I liked that it was well written and had very few typos. Only one that I remember. It's hard to find books that have good editors these days, so my hat's off to both the author and editors.

As with all of Kelly's stories this one did not disappoint! It was fun and entertaining the entire way

through! I loved the characters and their interactions together. Cassie is feisty and fun! I really enjoyed reading it!! Definitely worth $.99!! I have loved all of her books! I am glad i added this to my library.

This was a fast and fun read and totally adorable. I gave it 4 instead of 5 stars because there was some crude humor I think wasn't necessary.Rating: PG-13 (profanity, some heated kisses, crude humor)

Younger, young adults will eat up this cute love story. Cassie has never been kissed but she is about to rectify that with 16 kissed on her 16th birthday. This is the story of that day.

When I'm in the mood for a really good romance, this author never fails to deliver. She understands tension perfectly, and is very good at delivering it without cliche, or fake conflict. This story is (too) short, but sweet. I'd like a whole book, starting the next day. (Hint!)

Asher would get my attention. Kelly's description had me going back to reread that section before I got to the end of the book!

I usually don't buy novellas because i like to get into a story and the short ones are really hard to do that. However, I will buy anything Kelly Oram writes because she never disappoints! As with all her other books, this was fun, clean and totally entertaining. I loved every minute of it and only wish it could have been a little longer. I eagerly await more for this author

It was so freaking sweet! ÃƒÂ Ã Å¸Ã ËœÃ Â• I love Kelly's books and I totally adore this novella. I need more of Jared... he's such a sweet boy. And Ben deserves his own novella. That would be hilarious!
