Synopsis

A Wizard, an Angel, and a Horseman of the Apocalypse walk into a barÃ¢â ¬Â¦The ancient pact between mankind, Heaven, and Hell has been broken. And this upstart wizardÃ¢â ¬â„¢s quest for vengeance may have just kicked off Armageddon. So, time for a drink... or maybe two.Already plagued with sinister night terrors that could qualify him as a card-carrying psychopathic insomniac, Nate can barely even manage to put his pants on in the morning, let alone pick teams for the Apocalypse.But when heÃ¢â ¬â„¢s framed as a demon sympathizer, condemned by the Armies of Heaven, and hunted down by both his allies and the Four Horsemen, this wizard doesnÃ¢â ¬â„¢t think it can get any worseÃ¢â ¬Â¦Then they take away his magic. And a wizard without magic stands no chance against the forces of Heaven and HellÃ¢â ¬Â¦If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the second installment of the Bestselling Nate Temple Supernatural Thriller series.Click or tap BUY NOW to jump into the deathly hilarious adventure TODAY!INTERVIEW WITH THE AUTHOR:Q: So, what makes the Nate Temple series special?A: I wanted to write a series of stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal best sellers, and of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: mythical creatures, ancient heroes, super villains, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can.Q: What order should I read the books in?A: IÃ¢â ¬â„¢ve written the series with the intent that they should be read in order to get the full effect of the bigger picture; however the stories can be read in any order if you are looking for a quick, fast-paced romp through Adrenaline-ville. I suggest the following sequence:Obsidian SonBlood DebtsFairy Tale Ã¢â ¬â œ Prequel (FREE to email subscribers)GrimmSilver TongueBeast MasterTiny GodsWild Side - September 2017Q: So, why should readers give these books a try?A: Because the Nate Temple series is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural Ã¢â ¬ËœFreaksÃ¢â ¬â„¢ abound in my stories. Blood Debts has hit the top ten bestsellers list on Kindle for Urban Fantasy and Paranormal. The plot twists and turns until the last page, and my twisted sense of humor will have you cackling out loud at things you really shouldnÃ¢â ¬â„¢t be laughing at.Nate Temple Supernatural Thriller eBook categories:Dark FantasySupernatural ThrillerWitches & WizardsUrban Fantasy ThrillerSupernatural ShifterAngels & DemonsScience Fiction & FantasyParanormal and Urban RomanceSupernatural Mystery and SuspenseVampires and WerewolvesScroll up and tap or click BUY NOW to jump face-first into the deathly hilarious

Customer Reviews

Follow our plucky Wizard and his adventures through life as he battles the forces of evil.....well i say battle the forces of evil its more of annoy them until they decided to stomp him and he muddles his way through with as much dignity as he can.....Superb writing and story, lots of action.....some grate one liners offered at the expense of an Angle.....

I am in love with this series! The lead characters are insanely over the top and that contributes to the fun. Just what will the Author have Wizard Nate Temple do next! (Yes, author Shayne Silvers has a wild and wicked imagination, which suits me just fine.) I am a big fan of The Dresden Files and this series helps fill the gap for me while waiting for Jim Butcher's next installment. The pace is fast and furious (can you really cram that much into 3 days??? I guess it must be magic!), the writing witty and engaging, the lead character is arrogant, wise-cracking and yet has a moral compass that helps him stay the course and do the right thing even if it may mean your immanent

death. This time he is dealing with zealous wizards, demons, angels, Pandora and the Horsemen... and quite possibly cause the apocalypse! The supporting cast is cool and adds to the story.There were a few typos in this book, but I've found typos in big name printed books as well. It is also clear that the author does his research into mythology and ancient history. So while the story may be crazy and intense, it is built on a solid foundation which makes this world feel real. If you want a wild, in-your-face ride through the supernatural world with a little intrigue, give this series a go. Things are not always as they seem. And that makes it even more enjoyable. Looking forward to the next book. Thank you Shane Silvers for another romp through the magical world of Nate Temple!

Silvers did it again. The series just keeps getting better. Fans of classical mythology will appreciate the references throughout the book--especially since they are not overly explained. I like the level of intelligence and literary familiarity assumed by the author. It's also funny--the kind of "snort back a chortle of laughter in the middle of the night so as to not awaken the sleeping spouse who might chide one for reading until the wee hours" kind of funny. The main character, Nathan Temple, has been the star of the first two books. I am hoping to find out more about all of remaining cast of characters in subsequent books--or books just about them. Well done. Silvers is on my auto-buy list.

This tale of Nate Temple gets better and better. I just stayed up an entire night reading this exquisitely crafted tale of a new kind of Wizard, featuring nearly every kind of supernatural (feathered unicorns) but thankfully No Leprechauns. The soul-roasted marshmallows were a nice touch as was the description of Mardi Gras. More, please.

I'm a fan of indie authors, especially the good ones! Shayne has hit a home run with the character and the series so far. I wish him continued success. Read all 5 of the Nate Temple books. Looking forward to the next one!

In book 2 we are sucked further into the crazy world of Nate and geeze does he get himself in some pickles !We get to see more of Nate on his own and how he deals with things which was great to see, however we do still get to see the rest of the gang at times. I think this is the book where I really got Nate and how his mind works and why he does what he does....which is because he really does care.One of the best things about these books is the mythology and fairy-tale etc that are woven and brought up in.Gimme book 3 now!

It starts off as a wizard look for answers in a bar, without having much sleep and encountering Angels and demons and the four horseman. I enjoyed the main character's epic quest to find his parents killers while slowly losing his strength. Getting weaker with every battle yet persisting. Not only does he use every magic spell he can think of, he uses his wits. Stripped of almost all his Allies, he is confront by the wizard academy and give an impossible task to prove his innocence. I enjoyed this book as much or even more than OBSIDIAN SON, even though there were less sexual situations. As allude to in the last book, Pandora's Box seems to give the reader a much expected unavailing. I would describe it as Warehouse 13 for wizards. A pleasure to read.

The one before this, Blood Obsidian I think, kind of romance urban fantasy start to it; I was a bit concerned about staying with it, but writing at 1/2 through first book tightened up, the mythology and story took over and continued into this. I bought first in the series due to Butcher and Green (?) comparisons. That turns out to be correct, but is decidedly not derivative (another pitfall of urban fantasy). Not tortured half-demonic badboy hero who does good things even if doomed by nature sort of thing. Hero working his way through a consistently drawn, interesting universe.
