Synopsis

With first-rate photographs and operative videos, this text presents step-by-step procedures and extensive illustrations of some of the more difficult mammaplasty and liposuction problems and their solutions. The supplemental DVD includes clear demonstrations of each procedure in its entirety. Featuring operative markings (key to this technique), intricacies of the operation, potential complications, and secondary procedures, this book and DVD package provides a highly effective learning guide.

Customer Reviews

"Madeleine LeJourÃ¢â ¬â„¢s book on vertical mammoplasty illuminates a Ã¢â ¬Ëœmiddle-of-the-roadÃ¢â ¬â„¢ approach to minimizing the incisions in breast reductionÃ¢â ¬â ¢Ã¢â ¬Ëœthe Holy GrailÃ¢â ¬â„¢ for which every reduction breast surgeon has been searchingÃ¢â ¬â ¢not only to minimize the scars, but also to achieve appropriate contour and size. Dr. LeJour has accomplished this task in a beautifully written monograph."Ã¢â ¬â ¢Annals of Plastic Surgery "This book is the result of over 30 years of experience of trials, discussions, changes, always in the pursuit of an optimal long-term result. These are, the author modestly writes, Ã¢â ¬Ëœgrown out of the collective efforts of a number of talented surgeons.Ã¢â ¬â„¢ Not only an excellent method of dealing with many difficult situations is presented, but also the evolution of a surgical procedure with its necessary variations, found to be adaptable to the specific problem of the individual patient."Ã¢â ¬â ¢European Journal of Plastic Surgery
