Synopsis

Since the dawn of time, people have been fascinated by those who claim to have extraordinary psychic abilities. The fascination has reached a fever pitch with the rise of modern media.It is safe to say that many of these folks are either extraordinary frauds or extraordinarily deluded. But could some of them be legitimate? Do some people actually possess psychic gifts that can be used to help and heal?For 20 years, Emmy Award-winning journalist Jenniffer Weigel has been interviewing and investigating mediums, psychics, and healers. She became particularly interested in this topic after the death of her father in 2001. Ã¢â ¬Å“I felt that as a journalist, it was my duty to go behind the scenes with these people who claim they can talk to dead people or heal the sick and really pull the curtain back on these so-called Ã¢â ¬Ëœgifts.Ã¢â ¬â„¢Ã¢â ¬Â•This book provides in-depth interviews with todayÃ¢â ¬â„¢s top mediums, psychics, and healers, including Thomas John, Judith Orloff, Concetta Bertoldi, Caroline Myss, Echo Bodine, Rebecca Rosen, Paul Selig, and Michael Bodine. In addition to the interviews, each chapter contains readings for both Weigel and an individual previously unknown to the medium, psychic, or healer. In short, Weigel puts these psychically gifted people to the testÃ¢â ¬â ¢and the results are startling and profound.This is for fans of the bookÃ¢â ¬â„¢s psychic participants and for people fascinated with communication with the dead, the idea of an afterlife, and the possibility of nontraditional healing.

Ã¢â ¬Å“Jenniffer Weigel has done a masterful job of examining the paranormal. If you ever wanted to develop your own sixth sense about what's 'real,' this is your guidebook." Ã¢â ¬â œCaroline

Myss, author of Anatomy of the Spirit"Jenniffer's research into the lives of the intuitively gifted is both fascinating and often hilarious. A must read for the spiritually curious." --Judith Orloff, MD, Author Second Sight"Jenniffer Weigel takes her readers on a rollicking adventure into the paranormal and its practitioners. A wise, funny and incisive book written by a first class interviewer." --Paul Selig, author of I Am the Word"Important stuff in this book. I'm so grateful I was asked to endorse it. Which means I may just get my grubby paws on it before everyone else. But, either way, it promises to be mind-blowing and the way I see it, we all need our minds blown." --Pam Grout, #1 New York Times bestselling author of E-Squared and 17 other books"Being a lifelong spiritual seeker and journalist lends credibility to Jenniffer's pursuit of Truth, and this book reflects that intention. As with any profession, there will be those who operate from integrity, and those who do not. Jenniffer clearly sifts through that mix, and offers an engaging, inspiring and promising read! It will leave one with their own sense of authentic faith that there are in fact many gifted healers on this planet, and psychic phenomena is real." So...I read reviews by a medium and a psychic. I guess it's time to hear from a healer. This book is a quick read that gives a real view into the work of psychics, mediums and healers. First, we are just people. Second, we consider the work we do as a sacred gift. The individuals interviewed for this book are open and honest about how they came to this work. I plan to share this book with friends and with those who I mentor. Thanks, Jen!

Lovely stories but personally I was searching for something deeper into understanding the afterlife of a child. I lost my son one month before his second birthday....my search continues.

I enjoyed reading this book tremendously.Highly recommend it for easy and fun reading all the while confirming what your intuition tells you all along in your spiritual path.

Whether a beginner or professional in the psychic field, the opinions shared in this book are truly worthy. It's a great read.

I really enjoyed this book. I even found myself reading it out loud to my husband. I liked the overview of the different styles of psychics, healers & mediums. I personally enjoyed the author's sense of humor.

I heard the author on The Big Seance Parlor podcast and knew I had to read this. She's smart and funny and has talked to some truly amazing people. Well written and very enjoyable.

A very easy read. Would recommend book as well as the author.

This kindlebook of Psychics, Healers, and Mediums: A Journalist, a Road Trip, and Voices From the Other Side by Jennifer Weigel caught my attention because it seemed to be an open-minded kindlebook of how the author views the world of psychics, healers, and mediums. Weigel bravely and boldly touches on how even psychics are not immune to having rivalries with each other, difficult emotions with each other. There is an example of a psychicÃƒÂ¢Ã â ¬Ã â„¢s past dug up by a rival psychic but their handiwork was cleverly hidden at first. This is believable to me because I know from firsthand experience how mental strength and resilience can come in handy when a rival(s) andor critic(s) may use their friends, family members, andor even professional/career allies to target you online in something as innocent as a comment that you post to an article andor review shared online. Fortunately, I have the luxury of ignoring the person/group of people, intuitively/logically responding, andor just leaving well enough alone to let my strong/good karma assist me in prevailing/ experiencing a triumph(s). However, even I can easily see how someone that is a high profile psychic may not have that same luxury due to their fame forcing them to giving a response whether they want to or not. Weigel recalls when one of her friends Marie was getting a reading from Echo Bodine. One of Echo BodineÃƒÂ¢Ã â ¬Ã â„¢s spirit guides that came around about seven or eight years ago named Lilli looks like Glinda from the Good Witch in the Wizard of Oz. Echo Bodine has also had clients who have psychic kids who can see into the future. The mention of some family members of Echo Bodine are also in this kindlebook via the title The Other Bodines. Some of the following other psychics, healers, mediums featured in this kindlebook; Rebecca Rosen, Concetta Bertoldi, Thomas John, Paul Selig, Dr. Judith Orloff, Caroline Myssand
