## Customer Reviews

"Brian Biro has captured Coach John Wooden’s timeless philosophies and woven them into a timeless leadership formula that should help us all in every aspect of our lives."--Ken Blanchard, co-author of The One Minute Manager"The proven Wooden leadership tapestry is based on fundamental principles, not cute, cosmetic, cotton candy techniques. Brian Biro weaves this tapestry around absolutely compelling true stories." --Stephen Covey, author of The 7 Habits of Highly Effective People"Astonishing reading. Read Beyond Success and totally outperform yourself." --Mark Victor Hansen, co-author of the Chicken Soup for the Soul series"Beyond Success reads like the final seconds of an NCAA playoff... this book is alive with calculated, confident brilliance. This is a fast-break play for life."--Harvey Mackay, author of Swim with the Sharks without Being Eaten Alive

Brian D. Biro is one of the nation’s foremost speakers on leadership and team-building and is the author of three highly-acclaimed books. He is the founder of CLASS (Coaching, Leadership, and Synergy Services) through which he gives lectures nationwide. He has been featured on Good

Morning America and CNN’s Business Unusual, and the Fox Network as well as having been on hundreds of radio shows across the country

Insightful, and well worth some deep reading and thought provoking. Can help outline a way to progress in life to be a better person.

I initially picked up the book because the tittle caught my attention. However after having to read this book for my Economics class I enjoyed it and learned skills I will keep in mind. Biro expresses the importance of team work and strengthening leadership skills. He also emphasizes on the idea that in order to feel fulfilled once you reach success is to concentrate on what you can offer to the world around you instead of what it can offer to you.

Fast delivery and product as advertised. As is usually the case with self-help books of this type, the points could have been made in fewer pages but the core concepts are valuable and straightforward. John Wooden is obviously a man of exceptional personal character who lived according to the admirable principles he espoused and which are worthy of consideration.

Wow! What an incredible experience reading this book has been! This is one of just a few books that I personally think really impacted me reading!"Never compare yourself to others!" What a simple thought producing such tremendous impact on those who read this tremendous book! I am absolutely touched with the simple 15 principles that legendary coach John Wooden has taught through this book from his own experience with life! His Pyramid of Success is so obvious, so simple that it almost gets ignored on daily basis. But this book teaches, if taken seriously, this could be the most powerful tools to propel anybody to SUCCESS beyond imagination!This is the one book, everybody in search of any kind of success, MUST READ!

I purchased and read this book shortly after Coach Wooden passed. I learned so much about how I could to better in my personal and professional life, I bought two more for people I mentor in my workplace.The lessons are valuable and timeless. I am now reading Coach Wooden’s Leadership Game Plan For Success with my 14-yr old daughter who plays FastPitch Softball. We reading this as a school assignment where we pick a book to read together. Lucky me I get to work with my kid in school, Coach gets to reinforce things I have been teaching her for several years now.Win-Win.

Wonderful book which should cause all teachers, leaders etc to reflect. I considered it so exceptional that I had previously purchased five copies to give to my children and special friends.

This was a good book and though I had to read it for class, it didn't suck which is a big bonus.

I have read it once and am currently reading it again. I bought 6 copies and am requiring my debate team captains to read it before the school year starts.
