The author of 13 outdoor guidebooks, Ann Marie Brown is a dedicated California outdoorswoman. She hikes, bikes, and camps more than 150 days each year in an effort to avoid routine, complacency, and getting a real job.Ann Marie’s work has appeared in Sunset, VIA, Backpacker, and California magazines. As a way of giving back a little of what she gets from her experiences in nature, she writes and edits for several environmental groups, including the Sierra Club and National Resources Defense Council.

I have purchased a lot of bike guidebooks, and the Moon series consistently have the best maps, local info, descriptions and ratings. This guide is no exception. I have only ridden a couple of the trails so far, but I was well prepared for them and found my way with this guide. I wish Moon would offer a guide to the Wasatch Front in Utah where I live.

Glad I got it because I've learned about trails that I didn't know existed.
