Synopsis

Now in its 11th successful edition, Physical Anthropology continues to help students examine the dynamic relationship between humans and their environment. The plethora of new fossil finds and analyses in the field since the last edition are all reflected throughout this full color text. Students will come away with the skills needed to recognize illogical or factually incorrect statements made in the name of evolutionary theory in the popular media.Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill ConnectÃ Â® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:Ã¢â ¬Â¢ SmartBookÃ Â® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.Ã¢â ¬Â¢ Access to your instructorÃ¢â ¬â„¢s homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.Ã¢â ¬Â¢ Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.Ã¢â ¬Â¢ The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.Complete system requirements to use Connect can be found here: http://www.mheducation.com/highered/platforms/connect/training-support-students.html

Customer Reviews

Bruce Rowe has taught anthropology at Los Angeles Pierce College since 1969. Professor Rowe

has also received numerous awards for teaching. He teaches sociology and linguistics as well as physical and cultural anthropology.Philip Stein has taught anthropology at Los Angeles Pierce College since 1964. He did double-duty as an instructor of Anthropology at California State University, Northridge from 1966-1975. Professor Stein has received many teaching awards and wrote the chapter on teaching physical anthropology for a book published by the American Anthropological Association.

The book isn't just about human evolution. It also gives information on genetics and other implications associated with the concept. It's informative but like most textbooks pricey. Always buy used

Very good. Excellent material. Gets bogged down in the science sometimes but on the whole you'll learn a lot.

Rented the book for class, best way to get though this class. Bruce M. Rowe was the best teacher for this class hands down!

I used this for school purposes but honestly it was a very good book and not a wait of time like most of my previous courses

Thanks for the book

The book was very helpful and in great conditions. I got it in a very short period of time. I am a satisfied customer.

still using it

It came in an amazing state! It basically looked brand new!
