Customer Reviews

There was absolutely no editing of this book. There were word use errors, word tense errors, spelling errors and so much more. Why someone would put such an unedited piece of writing (and I use the term writing loosely) out, I cannot fathom. Characters are very two dimensional and relative through all three books only the names are changed to protect the innocent. Also, who in their right mind names a full grown man/billionaire BENJI?!!! Is the author originally from England? With some of the slang and terms used it seems that she was but now lives in Colorado. If you are going to write as an American get the lingo right. Don’t mix it up the terms such as flat instead of apartment or let’s go back to mine instead of let’s go back to my place. Not a fan and will NOT read this author again.

Hot and steamy...I didn’t read it, I listened to it..so I can’t judge on its structure. But the book was easy to read and interesting.

None of the stories realistic or sensible or enjoyable. Not sexy or erotic. Just dumb really. The scenes are lame / incorrect... could do better by watching a movie or reading a book. No imagination.

I don’t think have read three more hotter stories than these. They were full of lust and passion. You could feel the relationships as the writer wrote them. How hot? Really hot.

This three book collection was very Hot. Each story was different from the others, but they all ended just right. No cliffhanger in any of them. My favorite was book one but book two co e real close.

I really enjoyed reading this three book collection. Great story lines and intense love scenes. If you like to read menace romance, then you will definitely like this book collection.

It was a supper hot with great story lines.

I read this quite fast, which l s good for me. The story d u defrag and it also wasn’t t g at h hard to see where it was heading. Simone Carter is one of my go to authors from n oh w on.
