Synopsis

A recipe for success or a design for disaster?Although theyÃ¢â ¬â„¢re sisters, Paige and Erin Forrester are like oil and water, night and day, denim and silk. Paige is an outgoing fashionista who loves to be the center of attention, while Erin is more comfortable sporting vintage garb and recording the action around her. When a near disaster turns into the opportunity of a lifetime, these two very different sisters are given the chance to star in their own fashion-TV show. A guest spot on a hot teen-reality series and their first big red-carpet assignment give this unlikely partnership plenty of room for successÃ¢â ¬â •and even more for failure.

Gr 7-10Ã¢â ¬â œChristian values seem to be the antithesis of high-fashion consumerism and reality-show combativeness, but Premiere mixes these worlds with believability and appeal. Paige turns a report about a theme park that her mom is producing into a style critique. A reality-show producer sees the teen and her sister and asks that they work together on a project called "On the Runway." She promises Erin that she can work with the camera crew but Erin suspects she’s really there to keep her sister from getting into trouble. When Paige falls for Benjamin, the lead’s boyfriend, sparks fly. Erin has her own conundrum. She’s just getting over breaking up with Blake, but now he wants to get back together. Meanwhile, Paige nearly loses her job when she sneaks off with Benjamin. Her impulsiveness contrasts nicely with the slow rebuilding of her sister and Blake’s

relationship, which is steeped in their religious beliefs. Those beliefs can seem heavy-handed but it’s also nice to see Erin live them rather than having them tacked on. This book is worth adding whether you have a demand for Christian novels or not. The fashion and reality-show fireworks are enough to keep even reluctant readers coming back for more.Tina Zubak, Carnegie Library of Pittsburgh, PAÃ Â© Copyright 2010. Paige and Erin Forrester have been given the opportunity of a lifetime: a chance to host their own fashion reality show on television. Unfortunately, Erin would rather be behind the camera than appearing on it. Luckily, her beautiful sister is a natural, at both fashion and at hosting. This gives Erin the opportunity to work on the crew and act as a chaperon/moral compass to Paige. A guest spot on a catty teen reality series provides a chance for the sisters to launch their show, but it does not go as planned and leaves the future of the show in jeopardy. Erin has other issues to deal with, too, including an ex-boyfriend who is trying to get back in the picture as well as her own struggles with how her faith fits into a Hollywood lifestyle. Teen girls who enjoy fashion, reality television, and are looking for something less edgy than the Gossip Girl series will be rewarded with this title, which looks to be the first in a series. Melody always writes interesting stories, but this one was far from anything that I could feel free letting my kids read. Too much talk and description of EVERYTHING EXCEPT how to dress right, act right, simple plan of Salvation, parental guidance...etc.At 18 these girls acted more like they were in their 20s and Mom let them.This one missed the mark for me.

Review by Jill WilliamsonWhen Paige and Erin are helping their mother with a live, on location segment for the news with Paige in front of the camera and Erin filming, Paige starts critiquing people’s clothing. Erin is mortified at how rude her sister is and worries her mother’s job is now in jeopardy. But a reality show producer saw the segment and asks Paige to be the star of a new fashion reality show called On the Runway. Paige’s mother has one condition: Erin goes on the show too, as a cameraman. And so Erin is thrown into a world of glitz, glamour, and drama, whether she likes it or not, pretty much to babysit her impulsive older sister.Loved it! With the reality TV craze, this book is a clever addition to Christian fiction for teen girls. The book sucked me in. I

couldn’t put it down. It was so fun and realistic and slightly horrifying as we watched Paige barge onto the set of another popular reality show and make waves. I guess that just means I relate more with Erin’s practical personality. The characters were so real, I felt like this was happening in Hollywood right now and if I flipped to the right channel on my TV, I’d see Paige and Erin doing their thing. I can’t wait to read the next book in this series. If you haven’t read this book, what are you waiting for? Two girls getting the opportunity of a lifetime, a little romance, a lot of Hollywood drama. This is a perfect for teen girls.

I enjoyed this story because it was a bit different since the character Erin was the only Christian in her family. She was also the one who never wanted to be in the limelight. Her sister was beautiful and talented. Her mom was involved in the entertainment industry through the local news. I enjoyed reading those segments. I also enjoyed the dating scenarios and the reality show aspect of the novel. It felt very behind-the-scenes so the setting seemed natural to me.I wished there had been more romance in the story because it seemed lacking in romantic tension. I did like the message in the story and how the author didn’t make the girls crazy and worldly. Plus, the character Erin seemed natural to me. I liked how her sister Paige ended up listening to her when she had her crisis over Benjamin. I’m not into fashion or haute couture, so that didn’t do much for me. I’m not even sure if I spelled it right. I read the teaser for the next book and honestly, it didn’t turn me on, so I probably won’t be reading it. But I did enjoy this first book in the series. It was interesting and fun, and not too heavy-handed in the faith department.

This is a refreshing young adult book that is not about a group of popular girls, instead it is about two sisters who are selected to star in their own fashion themed reality show after they make an appearance on the local news. Paige is the fashion conscious sister who follows reality television while her sister Erin is a Christian who does not like reality television. Erin follows her beliefs even while appearing on another popular reality television show and even on her own. There is enough temptation out there. This is a realistic look at a Christian in the entertainment industry who participates in a secular show.

I LOVE THIS BOOK SO MUCH! I also recommend the rest of the series! These are very good books for teenage girls!

Cute and predictable but a real nice read for by the beach or pool or anytime you just won’t to read

something light.

This was a quick read and a cute story. There are some good morals and characters that people can relate to. Not a top pick but a good read.

This book was so bad I never even finished reading it. Usually i finish anything i start, this is only one of about 5 books in my life that I could not finish.
