Customer Reviews

I already have the camper but I consider myself a beginner. Need to know maintenanceNeed the next book now

It’s probably worth 99 cents. Most of what they call secrets are just common sense stuff. If I were truly a beginner, it might be worth a dollar but not really.

Great guide and gets straight to the point and both the good and bad with RVs

Maybe I expected to much but this was a total waste of time and money. If you know anything at all about RV’s, don’t bother with this book. I mean, "Where are the electrical, water and sewage hookups? Find them." Really? Hmmm, would never have thought about that.,
