Synopsis

One of the most popular destinations for Americans in the Caribbean, the Cayman Islands lie between the sun-kissed beaches of CancÃƒÂºn and the western tip of Jamaica. Famous for their ravishing coral reefs, safety, and hospitality, the Caymans are a favorite destination for families, couples, and scuba divers. Fodor's In Focus Cayman Islands has detailed coverage of Grand Cayman but also in-depth information on the sister islands, Cayman Brac and Little Cayman, two Caribbean islands that remain relatively undiscovered, yet are famous for great diving and casual, comfortable resort accommodations.

Super disappointed with this book. Claims to be the most recent version (2015) but I actually think a cover has been placed on an older version. Text refers to US Airways (no longer in operation) and things "being built in 2012". The photos are all fuzzy, and there is a LOT of repetition throughout the book. This is why I always buy Lonely Planet, and not Fodor’s. Bummer LP don’t have a Cayman guide. I won’t buy Fodor’s again.

Great information for visiting Grand Cayman.

made us feel like locals with the information we learned.

Fantastic book that gave us all the inside info, tips and tricks to get the most out of our trip to the Cayman’s! Plus it’s small and easily readable on the plane ride there! Two thumbs up! Thanks Fodor’s!

The ONLY guide you need if traveling to cayman islands. Other books have small number of pages dedicated to grand cayman and/or old information. Buy this one and be done.

Really basic information and pretty much an except from Caribbean book

I would suggest getting an explore magazine on the island. It has awesome information!

Beautiful and pocketable guide. Well written and informative.
