Synopsis

With the release of StreetSmart Hong Kong just in time for the 2008 Summer Olympics, New Yorks award-winning mapmaker Stephan Van Dam has achieved both a personal best and a great leap forward in information design of China's most Western-influenced metropolis.This pocket-sized, gloss-laminated, accordion-fold map 4 x 9 closed (9 x 24 open) is a graphic work of art that works. It shows immensely legible cartographic information and diagrammatic 3-D illustrations and is such an advance over what has previously been available that it will be indispensable not only to visitors, but to business and recreational travelers in Hong Kong for years to come.

Good map

Just received my Hong Kong map by VanDam and as a regular traveler to HK have to admit this map makes it all seem perfectly clear. The three levels of focus are really helpful in such a scrambled sprawling, yet dense, city. From Shenzhen on the border in the north to the Stanley Market on HK's south side, and including Lantau and Lamma Islands, it makes the city feel accessible. Will be ordering more for my colleagues.

Used this map extensively. Best part, when it rained, no problem. Did a world cruise and found many of these maps very handy at various cities. Only issue can be coverage depending on how far

afield you travel. Very easy to pack!

So much better than any other map we saw, very functional!

Very detailed and easy to use.

The map is small, but has many street names for HONG KONG ISLAND and KOWLOON areas. Then there is an overview map of HONG KONG itself. Very useful map.

Great map, easy to read. Laminated so it doesn't fold up small.

My husband and I will be traveling to Hong Kong next year and maps are so helpful to me in my planning (so helpful to see how to group the sites for efficiency of time). This one was especially good and compact.
