Synopsis

About Book:"The Upanishads are a continuation of the Vedic philosophy, and were written between 800 and 400 B.C. They elaborate on how the soul (Atman) can be united with the ultimate truth (Brahman) through contemplation and mediation, as well as the doctrine of Karma-- the cumulative effects of a persons' actions."About Author:Friedrich Max MÃƒÂ ller (December 6, 1823 Ã¢â ¬â œ October 28, 1900), more regularly known as Max MÃƒÂ ller, was a German philologist and Orientalist, one of the founders of the western academic field of Indian studies and the discipline of comparative religion. MÃƒÂ ller wrote both scholarly and popular works on the subject of Indology, a discipline he introduced to the British reading public, and the Sacred Books of the East, a massive, 50-volume set of English translations prepared under his direction, stands as an enduring monument to Victorian scholarship.
