PAUL A. TIPLER, formerly of Oakland University GENE P. MOSCA, United States Naval Academy

Just as the Calculus of a single variable text book helped me with the ladies this text is bringing my game to the next level!!!

Maybe I am stupid, but many of my friends are not getting it through this book either. Not recommand for physics beginner.

Good information reached in time.

Awful book, needed for class though

As described

Great

The cover and a page was ripped.

THANK YOU
