Customer Reviews

At first glace, I wasn’t sure it would be worth the $21, but when it finally arrived, I am very happy with it. The cover is sleek, but not slippery, fingerprints don’t leave obvious stains. Very nicely set up, lots of space to leave notes, multiple size calendars. Overall, it seems to be pretty durable...Unfortunately, US Postal Service decided to completely destroy it, by cramming it in the mailbox as hard as physically possible. The notebook was bent in 6 places, refuses to open normally, and must be forced open. None of the pages can be casually written on, the whole entire book must be forced flat, almost with a vice, before writing. Completely shameful act by the mailman.It sucks, because the notebook is so nice. Now, I have to decide if I want to spend another $21 and hope that the next round goes better. Thanks for wasting my money, USPS.

great planner! works well for what i need it for.

Excellent Moleskine quality.

Great quality

Wish there was more room for jotting things down on the days

Defective planner. Missing page for the week of July 10-16, 2017. Have had these planners in the past but disappointed that this one is missing that week.

I can’t tell you all how much I love this journal. Years of trying all the big names left me still searching for "planner Peace". The combination of the typical Moleskine multi year calendars and info pages, the convenient pocket in the back, the soft cover and compact size and the lined pages facing the weekly spread is perfect for additional info about my appointments, to do lists, follow up notes, etc....it’s a calendar and bujo in one and I love it!

Moleskine is known for a great product and this one didn’t disappoint. I love how smooth the pages are! It just feels great to write on.
