Christopher Jordan learned to skate before the age of two on frozen waters at his family's cottage on Lake Muskoka. It wasn't long before his parents first put a hockey stick in his hands and his love for hockey began. A published children's book author and hopeful Leafs fan, Jordan is now introducing hockey to his own children with the hope of becoming an NHL dad someday. Residing in Toronto, Canada, Jordan and his wife Kim have three remarkable children, Stewart, Duncan, and Jacqeline. His published books inlude: The Little Beaver, Hockey ABC, Hockey 123, Hockey Shapes, and Hockey Colours.

my 2 year old daughter loves these books. her dad plays hockey so she loves love loves it and everything that is hockey themed. books are med size and good condition not cheap looking.

Sister in law couldn't stop talking about them and how cool they were!

My Nephew enjoys them a lot.

I bought my daughter 3 books from the series and will have to order the others soon! She is 15 months old & asks for "hockey!" They are great books for her to read with her dad who is a goalie. We laugh at some of the shapes like "hexagon- Art Ross Trophy" and my husband and I argue whether a leaf, a crown & a lightning bolt should be included as they're not really geometric shapes. But we love the series and so does our daughter. They are fun to read, good quality, & a great way to introduce her to basic hockey items.

Love this books, now my son in law reads to his 4 month old baby girl since this is his sport!

I love this series of books, i have 5 so far and my 18 month old loves them. The pictures are great and being a hockey family we just love the idea of each of these books. I will let all my friends know about these books.

Not the best of this series of books. Not as engrossing for the toddler.

I got all 6 of these books for my sons 2nd Birthday, & he loves them all!!! He looks at them everyday & recites all the Team Logo's he sees. If you are raising a hockey nut, like I am, get these books!!!
