"One would need no other book than this to complete a really beautiful one-of-a-kind braided rug." - RAGS Magazine"

A classic book.

great

Heavily illustrated with both pictures of completed rugs and diagrams of braiding techniques. Includes complete instructions for several projects and a list of suppliers for materials. Highly recommend as a beginning reference book for the craft of rug braiding.

Exactly what I wanted.

really like this book. I have MS and with one of my flair ups I lost a lot of the dexterity in my hands so I thought rug braiding would help me try to get some of it back. This book has great instructions and lots of different designs. Have fun!
