Synopsis

Sanders Autograph Price Guide is the world’s only comprehensive autograph price guide, covering sports, entertainment, music, history and politics, literature, science and more. Prices have been carefully compiled from actual auction transactions and sales listings from reputable autograph dealers. For the first time, sports autograph prices are included in this guide, where before sports was in its own edition. Sanders Guide has been the world’s leading autograph pricing authority for over two decades.

Customer Reviews

Serves its purpose for a book out of date even though some people were not listed whom for this edition should have been.

I collect over 400 autographs and this is an indispensable book for me to know what the value of my autographs are. I am looking for the next updated copy as I am hopeful there will be one. But, currently, this book os awesome!!! It provides the collector, seller a much needed resource for both the value of an autograph and the variety of them! I highly recommend it to anyone!

GOOD BOOK

This is the must-have bible of autograph collecting. Although use it only as a guide as a number of autographs are over inflated in value but, based on my reasearch and purchases, it can be remarkably accurate. Very pricey though. A second hand copy starts around $49., not to mention what a brand new copy would run. The original price of the Sanders guide is $24.95

Extremely useful guide,updated features,I have number 1-7 all price guides are a wealth of information,I highly recommend these guides to all the autograph collectors!!!

I have been an autograph collector for over 50 years and ha ve always used the Sanders guide as the best information to establish both a fair purchase price and selling price. A must.

This was purchased for my husband's use. He enjoys books like this. It was a gift and he appreciates that he can pick it up anytime to look up something.

A+
