Customer Reviews

In this beautifully illustrated cookbook, Rachel Allen offers the delicious, inspiring, and easy-to-follow recipes that have made her Ireland’s most famous chef. Favorite Food at Home draws on international influences, classic regional Irish fare, and good old family favorites to provide creative options for every occasion, whether planning a simple family meal, hosting a festive dinner, cooking a romantic meal for two, or just relaxing on the sofa with your favorite comfort food.

Rachel Allen was brought up in Dublin and left home at eighteen to study at the world-famous Ballymaloe Cookery School. She’s a busy TV Cook, author, columnist, and teacher at Ballymaloe. She is the author of six cookery books, including the UK bestseller Favourite Food at Home, Rachel’s Food for Living, Bake and Home Cooking. Her extremely popular cooking programs have been broadcast on RTE and the BBC in the UK. She is also one of the hosts on UKTV’s Market Kitchen. She lives in County Cork on the organic farm at Ballymaloe with her husband Isaac and

their three children.

Rachel Allen turned out to be my favourite chef by far... I discovered her just by chance when I got Home Cooking (100% outstanding) when in London. I knew nothing about her. Now I've become fan number one... What about this book? As always, recipes from Rachel work well, tasty food, clear instructions,etc ;both unique and tradicional recipes are included in her books. You can argue that there are a lot of pictures of her and her family...:) but still this book is simply excellent. A real pitty that .co.uk and .com...seem to work independently. If one wants to get her other books... only imports are available.

A lot of these recipes can also be found in "Rachel's Irish Family Food" - though this cookbook includes much more of a focus on entertaining. It has some gems, but it pales in comparison to Irish Family Food

Love this cookbook. Simple to prepare dishes and lots of great flavors in every recipe. Preparing good meals needn't be a long, difficult procedure and this book proves it. Delightfully written, this book will remain as one of my favorites.

Wonderful recipes, I love this book!Very well presented, a great formatand in style.

I just love it

I love this cook book. Rachel is a great baker and her recipes are fast and easy and you can find most of her ingredients in your local stores. Simple and easy to make recipes.

This was a good book with ok recipes. Unlike Rachel's other books these recipes were not as tasty. I still like Rachel Allen as a chef.

Great book
