got this book for my nephew for his birthdays as he reads the series. The books came packed well and there was no nicks or defects on them. I love how the hardcover book was only a couple dollars more and that I could make my nephew happy and smile on his birthday!!

My 7 year old daughter loves the Magic Tree House books. This one seems to be more on her level than some of the other ones (not quite as advanced). She is reading it on her own, probably not getting every word, and she is an "on-level" reader. She loves soccer and loves this book.

I love to send surprises to my grandchildren in the mail....particularly a book! My grandson who is an avid sportsguy and also loves to read called me last night "THANK YOU GRAMMA" That is what it is all about!

Another in the popular Magic Tree House series. Often requested by the readers in 4th grade advanced reading class, well written and entertaining.

We love Magic Treehouse books in my family! Haven’t found one yet we didn’t like.

My 6 year old first grader son is in love with these books. He reads a book in about 2 days. I couldn’t believe how interested he was in reading. Perfect adventure books for kids!

My son Loves these books! he was so happy when i surprised him.

grandson loves it
