A+ great product and was everything I expected!

for class

Excellent tool for any Criminal Justice or Law School. It becomes the go to for Citations of all sorts, whether federal, state or international it is all there. Another great purchase. Now that I have it, I definitely would not want to be without it.

Oh, law school

A lifesaver in law school. I'm pretty sure it's mandatory in every law class. A little weird to read, but once you get it, it's fine.

Be careful, this is the 19th edition. It is overprice for a 19th edition and the information of the product is not accurate. I returned it. The seller wanted that I pay for a shipping to Canada !!! However, based on the rules, the seller paid it.

This is widely used in the legal field over ALWD. It took me awhile to switch from ALWD. I find the

set up to be confusing. Needs to be reorganized.

I needed it for law school. So, I bought it...and used it occasionally. It’s a Bluebook. Nothing more, nothing less. My only question is why doesn’t Bluebook have a helpful website like EasyBib? It would make life so much easier.
