From sources of law to contractual law to consumer protections, I found it to be a good introductory book. The examples in the book were sometimes outrageous and not representative of real business in my opinion, and the chapter on ethical philosophy was a bit light.

Learned all about tort reform in this book, Torts, Torts, and more Torts..Learned all about things other than felonies and misdemeanors, so i ’m VERY glad that law is more than this. I’m glad i knew about the Sarbanes-Oxley act that was mentioned in the recent movie "the adjustment Bureau" with Matt Damon. I highly recommend this book if you really want to start you way into becoming a law practicing citizen or want to know how to protect you company or form an LLC, LLP or any other organization and how you can protect yourself. My law 101 teacher made it alot easier to bear, but i did enjoy reading the "real life" recent year cases, as many as there were..(such as the starbucks fair trade coffee and mcdonalds hot coffee fiascos)

Great book and an easy read. Using this for the business law class for my MBA coursework. Very fast shipping!

Despite being voluminous, the book is concise to a fault. Many topics need more explanation to be clear. Instead, the book tries to cram more than one semester’s worth of topics into one book.Most disturbing, though, is that the book claims to have online features and supplements that do not exist. For example, at the end of each chapter, there is a claim that interactive quizzes and online research is available at [...] A quick visit to this site will show that it’s only a link to purchase a copy of the book.

The product was exactly the way I picture it, good quality and used but like a new. Thanks and keep it up.

Overall good book, just not the correct edition I needed. I thought it was but some chapters were different, my fault!

I had to buy the book for school. One of the most expansive books I bought. Any one in school knows buying on is the best even though books should be included in the class cost.

Good! Would buy from again!
