If it contains flours and grains, Donna Rathmell German has probably written a book about it! She is the leading expert on bread machine baking, and the author of many books on the subject, including The Bread Machine Cookbook series, The Pasta Machine Cookbook, and The New Book of Waffles and Pizzelles. --This text refers to an out of print or unavailable edition of this title.

good book for reference for different pizzas

I was skeptical about the title of this book, but also intrigued. I love a cooking challenge and had been off and on trying to perfect homemade wholewheat pizza. Do not underestimate this book. It is a revelation. I love using two or three types of flour and getting wonderful results. (i.e. whole wheat pastry flour, white flour, white whole wheat flour, etc.)

I has this book over 20 years ago. Recently I saw it at my sister's house and borrowed it for short bit. I couldn't find my copy and decided to check with .com. To my COMPLETE surprise they had it available but the best thing was I paid only .01 for it!!!!Thank you for reuniting me with an old friend. Wonderful, easy and varied pizza crusts recipes in this book as well as sauces and topping. Highly recommend it.

Nobody does these books better than Donna Rathmell German. Great instructions and good recipes!

I have several of her bread machine books and they are my go to cookbooks. This one didn't disappoint me. I just wish that I had bought it years ago. The first book in her series I had to order again because I wore it out.

Good pizza
