Synopsis

If recent history has told us anything, it is that relationships between parents and children are just plain different. Today, the level of respect for oneÃ¢â ¬â„¢s parents is at a much lower point than say, 100 years ago. With that being said, crimes have escalated over the past 50 years to include the completely heinous. Crimes against parents committed by their children have been on the rise. As unthinkable of a concept as this is to most of us, Suzane von Richthofen didnÃ¢â ¬â„¢t feel the same. Not only did Suzane commit the murder of her parents, she teamed up with her boyfriend to completely send this crime over the edge. This murder is one of the few over the past 20 years to garner such full international attention. The decision to murder a oneÃ¢â ¬â„¢s family is one that is unimaginable. The background of this case make it even more interesting. On October 31, 2002, Suzane von Richthofen murdered her parents. This is her story.

Customer Reviews

Finished this book in 5 minutes. The author would do well to take a course in basic English ("HER and Daniel could live their lifestyle..." ??). Not worth my 3 bucks.

I found this true crime murder fascinating. I didn't know anything about it. I would have liked to know what happened to the youngest child, who was not involved with his parents murder. I would recommend this to anyone, who likes true crime stories.

I read this book via a KINDLE Unlimited download.While as a Book Reviewer I love to read a wide variety of genres, my favorites being Romance, followed by ChildrenÃƒÂ¢Ã â ¬Ã â„¢s books, followed by True Crime novels; I feel quite honored that has decided to give the Enthusiast Badge for True Crime novels. According to , Ã‚Ã¢Ã â ¬Ã Å“Enthusiast StatusÃƒÂ¢Ã â ¬Ã Â• is awarded by to customers who frequently post engaging content related to specific interests.As I read this relatively short book, I found it relatively informative. The only major difference I saw here is that instead of being written in a totally non-fictional documentary style, the author has written this as a transcription of what somewhat he would have given as an oration about this heinous murder.The true crime murder contained in this endeavor by is an atypical example when parents, in the best interest of their child, tell them to stop seeing someone who they apparently have a relationship with. Ã‚Ã¢Ã â ¬Ã Å“Killer HeiressÃƒÂ¢Ã â ¬Ã Â• by Nathan Nixon tells the story of Suzane von Richthofen murdering her parents with the aid of her then boyfriend, Daniel Cravinhos and his older brother, Christian.WeÃƒÂ¢Ã â ¬Ã â„¢re told the reason which precipitated her murdering her parents had been their ultimatum of either stopping seeing Daniel, or be thrown out of the family and losing all rights to any inheritance she might have gotten if her parents died.As the old saying goes, Ã‚Ã¢Ã â ¬Ã Å“The best laid plans of mice and men often go astray,Ã‚Ã¢Ã â ¬Ã Â• became the fundamental reason of her undoing. Her downfall came because she had tried too hard to coverup the monstrous act of killing her parents so she could be with Daniel; and obtaining all the monies theyÃƒÂ¢Ã â ¬Ã â„¢ve accumulated through the years, so she and Daniel could have a carefree lifestyle for years to come without having to work.IÃƒÂ¢Ã â ¬Ã â„¢d wanted for this book to go into greater depth than it has, but given the oratory style of writing the author uses in this book, I can see why he had chosen not to. I can also overlook the editing errors the book contains. So, in the end, with all things considered, IÃƒÂ¢Ã â ¬Ã â„¢ve decided to give Mr. Nixon 4 STARS for his endeavor here.I also believe this book should have been given a different title to better describe the murder it discusses; should as Ã‚Ã¢Ã â ¬Ã Å“A ChildÃƒÂ¢Ã â ¬Ã â„¢s Heinous Revenge.Ã‚Ã¢Ã â ¬Ã Â•

Total ripoff! Large-print, little booklet. Deceptive to call it a book. Buyer beware.

you should be ashamed. This was more of a five or so page article. Not a book. Ridiculous. Worth about a dime not $2.99

This is one terrible piece of writing. That's all I can say about it. Would never recommend to anyone. Don't waste your time.

I read this within a few hours and experienced it as a quick overview of newspaper clips. Flat telling of what happened in chronological order. Nothing compelling and extremely little characterization if one could call it that. Only 228 pages.

I guess I should have checked but this book is very very short and says nothing. Terrible
