Synopsis

He’s limping strangely down the hall with outstretched arms and a groaning drawl. A zombie! Could it really be? You race to class, but turn to see he’s sitting in the desk right next to you!But odds are you’ll probably be okay, because this is no ordinary zombie. This zombie doesn’t want to eat your brains--he wants to eat your books! And he’s not a picky eater with a taste for all genres from mystery to history!Ã Â But when the zombie catches a whiff of the school library, the children need to come up with a plan fast before all their books become history!This monster book is silly and fun, with a strong message about kindness and friendship. The little zombie teaches kids not to jump to conclusions and to give everyone a chance. This is the perfect monster book for little ones who want a thrill but aren’t looking for anything too scary. I Want to Eat Your Books is a monstrously fun story not only for Halloween but all year round!

Grade Level: Preschool - Kindergarten

Customer Reviews

"Three second grade classes at my schoolÃ Â highlyÃ Â recommend this book. It's a great text to share at Halloween or as a kickoff to a reading event. Elementary students have zombies on the brain. Yes, I meant to do that. When you can combine this hot topic with cultivating a love for reading, you have a win-win situation."Ã Â --NC Teacher Stuff"Clever humorous descriptions"Ã Â --Kirkus Reviews"a cute story of a monster at school"Ã Â --The Herald Times"The

perfect book for your young zombie fans."Ã Â --The Stacks of Life"The illustrations are cute, and not at all frightening, even for the youngest of readers...Ã Â a charming Halloween-themed children's book that touches on the joy of reading with a bit of monster shenanigans."Ã Â --Portland Book Review"a book my kids have asked to read over and over again!"Ã Â --ParentingChaos"I Want To Eat Your BooksÃ Â does three things (and does them wonderfully): 1. It celebrates the awesomeness of books and reading 2. It encourages kindness and friendship 3. It never gets old, no matter how many times you read it"Ã Â --Word Spelunking"this energetic, funny book will appeal to youngsters. Parents and teachers will appreciate the message about reading."Ã Â --Can You Read Me a Story?Ã Â

Karin LefrancÃ Â grew up living in four countries, but she's finally settled down in Connecticut with her husband and four children.Ã Â She attended Bard College in New York and had the opportunity to travel the world again while working for IDG Books helping to license the For DummiesÃ Â® series into over thirty-five languages. Karin is also a certified children's yoga teacher. This is her debut picture book.Ã Â Tyler Parker received his BFA in illustration from the Maryland Institute College of Art and also has an MA in Sequential Design and Illustration from the University of Brighton. He is the illustrator of more than seven children's books including Monsters Meet on Mondays and The Ice Cream Shuffle. He currently resides in Seattle, Washington.

About a book-eating zombie who threatens a school library, I Want to Eat Your Books trumpets the pleasures of reading (and eating). ItÃƒÂ¢Ã â ¬Ã â„¢s great to see a book full of kids who value books and who figure out a clever way to stop the zombie from destroying their treasures. The illustrations are vibrant and active. The zombie (and the mummy who appears later) are just frightening enoughÃƒÂ¢Ã â ¬Ã â •even the littlest reader will feel appropriately scared. In addition to the idea that books are for reading, not eating, LefrancÃƒÂ¢Ã â ¬Ã â„¢s story also touches on ÃƒÂ¢Ã â ¬Ã Å“the new kidÃƒÂ¢Ã â ¬Ã Â• and the challenges that can present for young children. The book encourages tolerance and working through issues with othersÃƒÂ¢Ã â ¬Ã â •even if that person might be a zombie. Lots of fun for Halloween or any time of year!

I love this little zombie. Bought the book for my nephew who's really into rhyming books now. I didn't realize how hard it is to find interesting rhyming books until I looked. Sometimes the rhymes feel pushed, but I Want To Eat Your Books is perfect. Great for Halloween! Great for picture book lovers!

I was a little worried it might be took scary for my little guy, but it’s just plain sweet. I suspect I’m going to be buying some more copies of this one.

My 6 year old loves this book! She needed a book for school during their Halloween celebration with a main character that matched her costume. Instead of going the typical Disney princess route (there are tons of books out there... it would have been too easy), she wanted to be a "Zombie Nerd". Actually, she decided on what her costume was going to be beforehand, which sent me on a mission to find an appropriate book. This one fit the bill most appropriately.

This delightful book is a small child’s dream. How exciting to have a zombie at school. The kids will thrill at the illustrations of a crazed zombie careening through the library, while the ultimate lesson, that reading and friendship are the most powerful actions of all, will appeal to the parent.

My 3 1/2 year old loved it. A good sign was when he wanted to read this new book as soon as we came home from school and then started asking question after question about the characters in the book. I am pretty sure we’ll be reading this book often. Fun story and illustrations. Yay!

A succinct, enjoyable children’s story portraying a tale of books, new friendships, and misunderstandings! A worthwhile read for book lovers as it can be read in a short amount of time!

Bright illustrations, fun rhyming text, and a compelling story about a zombie who eats books instead of brains ... what’s not to love? (My 8yo enjoyed it as much as I did.) Would be terrific for classroom read-aloud, particularly during the month of October.

This is a great book, according to my seven year old son. "I want to eat it," he says.We want more!
