I've been making my own vanilla extract, vanilla liqueur, amaretto, etc for a couple of years now. This book contains quite a few recipes that both I and my wife want to try our hand at. Plenty of

great recipes for infusions AND recipes on how to use those infusions to make other stuff. Great book, well worth the purchase.

not enough info about the actual distilling process but lots of good info on how to infuse

good stuff

This is a book if you were waiting in a Doctors office it would be nice to find on the table, but for practical use you could figure it all out on your own.

Exactly what o was hoping for, it’s all about how to infuse flavors into your liquor!!

Distilling is barely mentioned in this book. The book title is very misleading.

Wonderful, can not wait to try the recipes. L

Nice
