My husband has been reading this series to our daughter before bed -- they both enjoy them. My 8 year old daughter can not wait for the next book in the series to be available. Dragons, mysteries, adventures - who could ask for anything more compelling than that?

Our resident dragon expert, my six year old grandson, was very interested in this book. We went online to dig even deeper into some of the content. All in all, a big hit!

My grandson’s love this series and all the books.
