Ginjer L. Clarke lives in Richmond, Virginia. Pete Mueller lives in Portsmouth, Rhode Island.

My 3 & 6 year old boys are obsessed with all Ginjer Clarke books (I think she is the only author they know by name!). They are simple and short enough to hold their attention, yet detailed enough to be fascinating and educational, even for adults. They beg for news ones each birthday and Christmas.

Great Read.

Students just love reading about these ferocious creatures. I have the Black Out!, Maxed Out! and others. Great little series Penguin came up with. You won't have any trouble attracting students' attention with these.

My grandson is 6 years old and loves to read these book. He loves animals and will read these books over and over. It is a great book to get younger readers reading.

This book encourages young readers and thrills them. Excellent resource and part of the Accelerated Reader series.

My kids love this book! Makes them want to spend time reading the details.

All the books in this series is awesome! My daughter is in Gr2 and loves reading them. Great buy! Very interesting, even adults will learn something new.
