Synopsis

Living with Epilepsy features fictional narratives paired with firsthand advice from a medical expert to help preteens and teenagers feel prepared for dealing with epilepsy during adolescence. Topics include causes, risk factors, and prevention, diagnosis, types of seizures, treatment, managing epilepsy, and dealing with social issues. Throughout the book, Ask Yourself This questions encourage discussion. Features include a selected bibliography, further readings, Just the Facts summary of medical facts about addiction, Where to Turn summary of key advice that includes contact information for helpful organizations, a glossary, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Customer Reviews

Obviously aimed at the young adult audience, this book is a thorough overview of epilepsy. I would have given the book five stars if it had covered adult onset seizure disorders. However, Christopherson's title deserves to be in junior high, high school, and public libraries. Recommended.
