Customer Reviews

This is the third of the "best of" series from Nathaniel Wake. I absolutely love the salve recipes, and there are recipes for colds, migraines, hot flashes, etc. Lots of useful remedies are included here, and the recipes are simple and easy.

Well worth the price of the book! I cannot believe how well the recipes I tried worked!My favorite recipes in this book are:Rosemary herbal bath! The best! I ran a 5k obstacle course and this was wonderful to relax and help with my sore muscles.Tea tree tincture works great for dry scalp!Peppermint scrub...heaven! Makes your face feel so great after washing with this. Smells good too!I would have tried more but I need to get the ingredients first. Really looking forward to trying most of these recipes.

I’ve been searching for some possible remedies for my wife’s dry mouth syndrome and an allergy issue I have to detergents. In the past, I’ve been able to rely on Nathaniel’s books to provide insight and help, and I was not disappointed here. This is another straightforward collection of recipes that avoid the fluff and gets right to the recipes and instructions. I like that he’s tried them all and these are the best of the best.Recommended to people looking for help outside mainstream remedies.

This book is great. It has 30 wonderful recipes made of herbs and several other natural ingredients and also contains some BONUS recipes. You can find many salves, face washes and scrubs, tinctures, creams and a lot more. I love the pictures of the main ingredient for each recipe, but most of all I love the way this author gives us each recipe, then tells what ailment(s) each is for and how to store the mixture. Well though out, well organized and highly recommended.

This book provides the top herbal recipes for your mind, body, and soul. The Mullein & Honey Cough Syrup and the Chamomile & Catnip Sleepy Time Tincture might be good to keep on hand.

Simply a recipe book. Claims most ingredients found in kitchen, but not in MY kitchen. Spices and

herbs I never heard of. Most recipes do not list what the recipe can b used for nor how to administer. I found myself asking do I drink it or apply it?

Easy recipes and easy to comprehend.

Nice to have on hand.
