Synopsis

The ultimate resource for dog lovers, the ASPCA Complete Guide to Dogs is the authoritative volume on selecting and caring for any kind of dog. In the ASPCA tradition, this book has a strong focus on mixed breedsÃ¢â ¬â •a major difference from most other dog books, which describe only purebreds. At over 500 pages with more than 650 illustrations and photos, this guide covers everything dog owners need to know to give their dog the best possible care at every stage of life, including advice on bathing and grooming, training and exercise, and the special needs of puppies and older dogs. For anyone thinking about getting a dog or seeking to understand the one they have, this lively book is the place to turn for trustworthy information on all canine matters.

Sheldon Gerstenfeld, VMD is director of the Chestnut Hill Veterinary Hospital and Bird Clinic in Philadelphia. Author of previous books on cat and dog care, he has served as a contributing editor to Parents magazine and hosted a radio program on pet care. He lives outside Philadelphia, Pennsylvania.

This is a better book than the Reader’s Digest complete dog care Manual, because this one includes mixed breeds, or mongerals, rather than just Pedigrees. It covers many subjects that new or seasoned dog owners would need to know. It covers potential problems, how to avoid problems such as bringing a new dog home from the pound, when you have say, a cat, or another dog. It

teaches obedience training, and many, many subjects. I love this book and highly recommend over any other dog book, in spite of its age. It has lots and lots of nice photos along with the text to keep from being so boring.

great product.....fast shipping!

This book is a great reference book for all dog owners. I really liked how easy it was to get general information on each breed's particular qualities and needs. The pictures are beautiful and there is even information about each breed and their common cross breeds. The book also includes helpful sections on dog care and first aid. It is a great resource for anyone interested in dogs.

A GREAT BOOK FOR DOG LOVERS

My son got this for Christmas and he ahs not stopped reading it. He takes it to school everyday to read between classes. It has the dogs divided by type (working, hunting etc) and then by breed, Nice photos and lots of information.

I like the book. The dogs are my favorite animals.Therefor I give five stars.

Great book. Best thing about it is that it lists heath issues associated with each breed.

Very informational
