Fantastic fun for fearless friends and foes foraging for the finest flight of fascinating facts (more

favorable than the folio of "Frisky Flecks*")! Whether you've listened to every single episode or happened to stumble on this review by chance, your brain is sure to love this little trove of trivia. The personalities of each member of the podcast is just as delightful to the eyes as it has been to the ears.*in reference to "Naughty Dots," another puzzle book released around the same time.

As a fan of the show, I was eagerly waiting for this book to come out. (I pre-ordered it and everything!) My husband and I love trivia and we both listen to the podcast religiously. this book has become a fun activity we can do together. love, love, love!

Lots of fun.

I got this as a gift for a friend I listen to the good job brain podcast with. So great!

Got this for a birthday gift to an unsuspecting chump. Happy to say she became hooked and now won't leave me alone with trivia from past podcasts. Now gonna buy a few more for christmas gifts for others.

The most enjoyable of all the trivia books. First one I read on a flight that didn't put me to sleep halfway through.

such fun, much puzzles, good trivia

They did such a great job! A great range of challenges. Will be buying more as gifts! Way to go GJB!
