Harry M. Benshoff is a Professor of Media Arts at the University of North Texas. He is the editor of A Companion to the Horror Film (2014) and co-author of the best-selling textbook America on Film: Representing Race, Class, Gender, and Sexuality at the Movies (2009).

The book is brand new. Everything is perfect except the delivery time. They also come with two cute bookmarks which is so sweet.

This book made me analyze film in a way that I had never before. It really opened my mind. It's extremely well written and I definitely recommend getting it.

For my sons classes at Pitt.

My teacher wrote this book so our lectures were based from the entire thing. Both the class and this book really made me think more about what comes on the screen rather than just tuning out like a veggie in front of it.
