Synopsis

Considered one of the best undergraduate method texts in the field for the past two decades, Research Methods in Psychology captures the excitement of psychological inquiry as well as the importance of understanding the methodology that is used to conduct research. The text has been praised for its clear writing, logical organization, depth of coverage, and wide variety of examples from different fields of psychology. The new edition includes updated research, a thoroughly revised introductory chapter, and improved pedagogical features designed to enhance students' learning..

Customer Reviews

John J. Shaughnessy is a Professor of Psychology at Hope College, a relatively small, select, undergraduate liberal arts college in Holland, Michigan. After completing the B.S. degree at Loyola University of Chicago in 1969, he received his Ph.D. in 1972 from Northwestern University. He is a Fellow of the American Psychological Society whose recent research has focused on practical aspects of memory. He is coauthor, with Benton J. Underwood, of Experimentation in Psychology (Wiley, 1975). He was selected by students in 1992 as the Hope Outstanding Professor Educator. He has served as chairperson of the psychology department and as a mentor in the College's Faculty Development Program for younger faculty.Eugene B. Zechmeister is Professor Emeritus of Psychology at Loyola University of Chicago, a large metropolitan university where he taught both undergraduate and graduate courses. For many years at Loyola he was the Undergraduate Program Director in Psychology. Professor Zechmeister completed his B.A. in 1966 at the University

of New Mexico. He later received both his M.S. (1968) and Ph.D. (1970) from Northwestern University. Professor Zechmeister has authored books on human memory, critical thinking, and statistics, as well as research methods in psychology. He has been a Fellow of both the American Psychological Association (Divisions 1,2, and 3) and the Association for Psychological Science. In 1994, he was awarded the Loyola University Sujack Award for Teaching Excellence in the College of Arts and Sciences. He currently lives in Santa Fe, New Mexico.Jeanne S. Zechmeister was an Associate Professor of Psychology at Loyola University of Chicago, where she taught undergraduate and graduate courses in research methodology since 1990. Professor Zechmeister completed her B.A. at University of Wisconsin-Madison (1983) and her M.S. (1988) and Ph.D. (1990) in Clinical Psychology at Northwestern University. Her research focused on psychological processes associated with forgiveness. Her effectiveness as a teacher is evidenced by her many years of high teacher ratings and by her being identified consistently each year by graduating seniors as one of their best teachers at Loyola. She has co-authored, with J.J. Shaughnessy and E.B. Zechmeister, the Research Methods in Psychology text since its 5th edition (McGraw-Hill, 2000, 2003, 2006) and Essentials of Research Methods in Psychology (McGraw-Hill, 2001). Dr. Zechmeister now writes professionally in Santa Fe, New Mexico.

I needed edition 8 for my Research Methods class but my college bookstore was going to charge $130. I decided to buy this book (edition 7) for $20. I've compared the book to edition 8 and there isn't much difference. There is also a online website that provides study guides for the class. Used the site and book all semester. Online worksheets really help. I recommend picking up this book. You'll be saving $110!

Very fast and in good condition. very pleased! I was not expecting the arrival of this book until next week , but it seesma like as soon as I ordered it it was here!

The book was in perfect condition and came faster than expected (less than a week!).
