Synopsis

The writer of this book experienced hundreds of encounters with the great cloud of witnesses before he first met Bob Jones in a vision. Bob visited him three times over a couple of years, and then one day, he told Matthew to sit down and type and record their conversations. He was going to call the encounters Ã¢â ¬Å“Conversations with BobÃ¢â ¬Â• and produce a book, knowing that the discussions would benefit others. Suddenly, Bob changed gears and started to take him to heaven.Before Matthew knew it, he was speaking to 11 saints in heaven along with Jesus, and the name of the book was soon Ã¢â ¬Å“My Visits to the Galactic Council of Heaven.Ã¢â ¬Â• The saints were happy to meet Matthew and only too aware that the conversations were being recorded to form a book, so they spoke to both Matthew and the intended readers, which will hopefully include you.Heaven and the saints have change on their mind. Heaven wants to talk about what it is like to be a disciple and how to live a productive and successful Christian life on earth. This series of books, of which this is the first, will be a course in heavenly discipleship through the personalities and the wisdom of heavenÃ¢â ¬â„¢s saints, who have been watching all of us on earth. Come and see the personalities of heaven, come and listen to their instruction and their counsel, and if you are really eager and courageous, come and visit the council for yourself and ask your own questions. Let this book take you to heaven and be a stepping stone in your own personal encounters with the saints and Jesus in heaven.

If you are a true pursuer of Jesus and His Word, then please know that with this book, you are participating in what is history in the making. This is an "on earth as it is in Heaven" message--Matthew 6:10. You need not be just an outside observer looking in; but you can choose to be participant in everything our Heavenly Father has in store for (y)our world that is to come. Notice in the book that there is a special emphasis on how we will need to handle what will be, 20 years from now. Let this book be your launching pad toward discovering what your own blueprint is for your personal destiny with Jesus. Ask, seek, and knock--LOUDLY!

I love this book! I believe God is directing me to your books because I have wanted encounters like this for years! I have had some interesting visions in my life but nothing oil this,but I’m ready now! While I was reading, I could see it in my minds eye. Love it and waiting for more! Praise to the Most High!

This book made me cry. I got a real sense of Jesus, his character and nature, which drew me in. All the ways heaven greets Robert are so endearing and sweet. It helped me see the love the body of Christ is supposed to have for one another. I also heard the Lord speak to me in so many parts that have encouraged me, convicted me and touched me. What a great book! Thanks Robert for writing and sharing.

I thoroughly enjoyed this book. Once I started reading I could not put it down, it is filled with meat and not milk. Deep inside I have yearned for more and found it here in these pages. It’s time to go deeper with Jesus. This is the first book I have read from this author, but not the last. I plan to read them all

This is a wonderful book! If you are interested in Heaven encounters, then reading this book helps you to understand more, and visualize the possibilities. You learn more in depth about some of the patriarchs of the Bible as well as contemporaries from our time. It’s well worth your time!

Well this was not what I expected AT ALL! A very encouraging look at the way God ministers to Matthew Robert Payne. The realm of "all things possible with Christ" just got expanded. If this book doesn't deepen your hunger for a relationship with God, you may be dead! Prepare to have your God box blown up!

Great, and very real book.. could not stop reading nor encountering.. this kind of book is the kind you come to with an open and un distracted mind.. do this and you will be rewarded greatly ...

Oh wow...I am so loving all that I am reading in Matthew Robert Payne's books. My Visits to the Galactic Council of Heaven was everything I had hoped. I have been so hungry for a deeper relationship with my Heavenly Father and to learn more about heaven. This book is opening my eyes to the understanding that I can have all I have asked for...and even more!
