Ã¢â ¬Å“This bookÃ¢â ¬Â|will actually help you get your life together.Ã¢â ¬Â•Ã¢â ¬â •HelloGiggles

Rachel Wilkerson Miller is a senior lifestyle editor at BuzzFeed. She has written for the Hairpin, Huffington Post, and the Knot, and has appeared on Today and Good Morning America. She lives in Brooklyn.

I’m obsessed with my new dot journal and Rachel’s book was key in helping me get started! I can’t recommend this set enough.

Great value! The book was a clear and helpful guide detailing the basics of dot journalling. The pictures were great: showed neat and tidy pages, clearly demonstrating the grid or page setup

options without overwhelming the reader with decorative options. This was just the book I needed to give me the how and what dot journalling. The set was a nice option to provide an inexpensive journal with the book. The journal seems to be nice quality, with dot grid pages, page numbers, elastic band. The tone of the book was encouraging, lighthearted, but very practical. Covers the basics of set up, offers a myriad of options for pages and trackers, and touches on the best pens and markers should one want to get fancier eventually. Excellent value. Highly recommend this set.

Absolutely love this, such a great overview of bullet/dot journaling and so many different examples for spreads. Extremely helpful! The only thing I would suggest is definitely getting the physical book rather than the kindle version. The spreads are much clearer in the book and this is one I will highlight and go back to over and over. Love it!

Love everything about this!! The book was a quick, easy read and the dot journal is very pretty! The suggestions in the book help me to set up an awesome journal in a short amount of time! Thank you!!!!
