Ms. Burke is an elementary visual arts teacher with a passion for art, literacy, and all kinds of animals.

I smiled all the way through April's Baby. I am so impressed with how imaginative and humorous the artwork that accompanies this sweet story is. These students should be very proud of themselves and their teacher should be thanked for giving them this opportunity. What a fantastic lesson for them all. And all for a good cause, as well!

This book is so cute! I bought it because it helps support the park and because I love to support children's ambition. I had no idea I would enjoy it so much! Anyone who followed April will enjoy it because it is so accurate! It really is adorable and I can't recommend it enough!

Just the sweetest and most beautifully illustrated and scripted story. I recommend that people get

the free Kindle App and pay the $2.99 to see the beautiful story NOW and then order the paper copy for later.

This is quite possibly the best book I own. I teach middle school and I plan to share this at work with my students who came to my room for lunch everyday so we could watch April. The kids did such an amazing job with the illustrations. They were so thoughtful and contained so much detail. I will never forget the time I spent waiting, and waiting, and waiting for April to give birth and now I have an equally awesome book to cherish. Thank you so much, kids, for all of your hard work!! Excellent job!

This is a must have for anyone who followed April’s giraffe camera, regardless of age. It is absolutely delightful. Wonderfully illustrated and deliciously funny. I laughed until I cried at: "and the world waited, and waited, and waited and waited....." Get a copy for yourself and one for your "giraffaholic" friends and help support giraffe conservation. Ms Burke and her Team April from Beach Elementary are to be commended. This little book is a treasure. I wish you had six stars!

As the world watched and waited for weeks, a beautiful thing was happening for giraffe conservation because of Jordan Patch ’ s vision. These kids portrayed the story of April simply and creatively. I particularly found the lady’s hair growing during the wait to be amusing. Every April Addict should have a copy!

This is the sweetest thing I have ever read. Having watched myself they did not miss a thing. Stupendous artwork

A must have for children that followed along on the April adventure!I loved that a picture was drawn of the Allysa and April head to head picture.Cute book that gave this April lover a smile!
