This is a cute fun book that is great for kids to read or to have read to them. I loved the dog "Sparky' and think he will be a favorite among children.Repeating the one line Clumsy or not, I love him a lot will have children yelling the words out and learning to read, plus they get a good lesson about even though we have problems we are all worthy of love.

This is a fun book for preschoolers. Younger toddlers would not be able to follow the story. Preschoolers and early elementary would enjoy it

Author Efrat Haddi, with excellent support from illustrator Abira Das, has written a fine little story about the value of thinking before acting, and the clever way she tells the story makes it remarkable and memorable for children. Efrat Haddi obviously understands children (she is a mother of 3!) as well as the techniques of teaching children concepts through stories. This is a very well written and illustrated book that should become a favorite bedtime story - with a lesson.The little lad in the story is given a dog by his parents, he names the dog Sparky and soon discovers that Sparky is clumsy. He jumps on the bed, knocks over his sister's dolls with his wagging tail, spills his bowl of food, slipped on the floor and hit the cat, dug holes in the lawn, shakes in his bath getting the lad all wet, bumps into tress dislocating the squirrels. He asks his mother if Sparky's clumsiness is bad, and his mother wisely replies `We all are clumsy at times...we just need to think before we act so that we can be careful.'A fine little story, well illustrated and with a fine lesson for children. This is a good book to read to younger kids. My nephew is 3 and he enjoyed it. The only thing that I didn't like about it was that the same line was repeated every page. It didn't need to have it on every

page. Otherwise a great book and the illustrations were good too.

I enjoyed this story too! This one has a wonderful moral in it to love another who may seem very clumsy but needs love and support friends. There I want torecommend this for five stars and for kids ages 2-8. I received this for free using KU and in return here is my honest revuew. Super job Efrat! By Angela
