Purchased this in advance of a trip to NYC, and although I haven't used it yet in the city, it looks amazing. Very detailed with lots of color and maps inside the park; it can't help but be an asset to my visit despite being 15+ years old! Statues, lanes and park history doesn't change just because the book is dated, so I would highly recommend it.

This is a fine guide to Central Park, if a little big for the pocket. It's informative and lavishly-illustrated, with lots of photos and maps and history bits. Recommended for touring that unique and wonderful public park. (By the way, the best map of the park is "Central Park Entire: The Definitive Illustrated Folding Map", available from www.centralparknature.com.)

It is out of print, so I ordered it from one of the merchants. The condition of the book is great and it includes the little pocket map. It is the best guide book on Central Park and I am speaking as a long time NY metro area resident. It points out a lot of points of interest that a casual visitor would miss. It

will be my companion whenever I visit the park. Highly recommended if you can get hold of a copy. It is quite small and can fit in a coat or jacket pocket.

Just wrapped a shoot in Central Park and this book was our bible - tons of information, great maps and images scattered throughout for history as well as visuals. They should sell this throughout the park!

I had seen a copy previously from someone who had one so I knew what to expectÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|ÃƒÂ¢Ã â ¬Ã Â|..however this was well made and put together.

very informational and looking forward to going to Central Park this Spring and checking out the parts I missed.

Bought this book before a trip to New York City. We had a wonderful time in Central Park and this book helped us design our time better.

Not only did it explain the history of the Park, but also provided a comprehensive map since it is difficult to maneuver the park without a guide.
