Customer Reviews

So far this has been a fine read. I would recommend this for either right- before- bed, or on the beach, a quiet afternoon, etc. There are quite a few dynamic features to the story line. A few twists and tunes, and the characters are pretty well developed. There are a few parts that could be edited slightly better, but I do know most authors on here prefer for their readers to help them out in this aspect.It was not hard reading by any means, but it was also not an elementary level book. Be prepared for some love scenes. But honestly, sometimes they do add to the storyline, right?I hope to either purchase more in this series (if there is one) or get the author motivated to write more! Not that this was left with just a cliffhanger or anything, I have just loved how the storyline was developed, and would love to know where this could head into the future. Knowing how the characters have developed, interacted, and have grown leaves me with a lot of hope for more. I always love series/ books where there is a spin- off into a similar setting, but with acquaintances that the characters had, or will have.Overall, this is a great value and I would highly recommend it. It is a great value for the price, and it simply cannot be beat! I will be purchasing more from this author in the future, and look forward to new releases.

My 11 year old daughter got this book without my knowledge! Shame on ME! What an awful book that has scenes that come right out of the Godfather with Sonny in the closet during the wedding doing something very naughty! Not appropriate for those under the age of 18.

'' Writing means sharing. Its part of the human condition, to want to share things- thoughts, ideas, and opinions" - Paulo CoelhoAutumn unlocked, can relate to majority of the teens who read it. I do enjoy the book and the concept of it, but most importantly I love the book because it relates to me in so many ways. Its nice to not have to say what you feel when someone has already said it for you. Read it and you will not regret getting it!

I absolustely LOVE everything about this whole series!!!
ÃƒÂ Ã Å¸Ã â ™Ã â œÃƒÂ Ã Å¸Ã â ™Ã â œ But there is one flaw i didnt like about this book. Jace mentions his parents divorce but then in the rest of the books his parents are happily married and completely in love. Was very confusing. The only reason i didnt give it 5 stars.

Excellent

Each of the books in the series is okay but not anything really special. They were entertaining enough that I read and finished them all but not enough to inspire any strong feelings or make my reread list. I can't really think of anything to praise or complain about.

This book by Amy Sparling takes you on an adventure as you watch Jace and Bayleigh take it to the next level in their relationship. Amy truly shows the trustworthy in Jace and the true colors within Bayleigh. Once reaching the second cover you while be sucked into a teenage love life

Oh my gosh best book ever I loved all the intensity and details I'd give this book 5 stars it's just amazing
