Synopsis

The possibilities are endless. Watching a lover undress from the safety of a window or a hidden hole in the wall. Peeking at the neighbors through a crack in the blinds when they think nobody's looking. Going to the local strip club to glimpse a beautiful dancer or to an orgy where a world of sexual scenarios suddenly appears. Secretly watching others as they expose themselves, or reversing the equation by taking center stage to entertain them, can be some of life's naughtiest delights, proving that the eye is as much a pathway to pleasure as any part of the body. For the dedicated voyeur, exhibitionist, or anyone who can't resist peeping when they know they shouldn't, Peep Show offers scintillating fantasies by top writers in the genre. These stories take the reader inside a world where people get to show off, watch, and feel the vicarious thrill of sex times two, their erotic power multiplied by the eyes of another.

I think there is a voyeur in all of us. Anyone who enjoys erotica or watching porn, enjoys watching. Exhibitionism goes right along with this and is a favorite kink of mine. Watching hot sex is a turn on, being watched is even hotter! The book Peep Show encompasses both and does it in one delicious package. The stories in this collection are sultry hot. Rachel Kramer Bussel knows how to put a sexy collection together. I really, really enjoyed this read.Rachel Kramer Bussel hit it out of the park with this collection. It has become my favorite collection by her. This kind of kink is so enticing. Anyone can participate, you donÃƒÂ¢Ã â ¬Ã â„¢t have to be an expert. Maybe that is perversely precisely why I love it so much. This book includes 18 stories by various authors. The authors include: Susan St. Aubin, Donna George Storey, Monica Shores, Jennifer Peters, Lolita Lopez, Craig J. Sorensen, Elizabeth Coldwell, Andrea Dale, Cheyenne Blue, Nobilis Reed, Malcolm Ross, L.A. Mistral, M. March, Kissa Starling, Sommer Marsden, Geneva King, Rachel Kramer Bussel, and Angela Caperton.This book starts off with the story Showtime by Susan St. Aubin. This is the tale of a conversation at work about a womanÃƒÂ¢Ã â ¬Ã â„¢s neighbor. The view is an irritant to the woman, or so she wants her friend to believe. When her friend comes over to help her solve the problem things get heated and a bit out of control.Superior by Monica Shores involves a boss taking control. One of her employees has a crush and this lady knows just what to do. This fantasy come true includes a bit of nylon that makes it absolutely titillating. This is one of my favorite tales.Audience Participation by Elizabeth Coldwell Involves some unsuspecting participants. A webcam meant to catch people working catches something else after hours. Things get heated while these voyeurs enjoy the show.IÃƒÂ¢Ã â ¬Ã â„¢ve Only Got Eyes For You by Rachel Kramer Bussel was another one of my favorites stories in this collection. This married couple knows how to keep things hot. Making a video can be really fun especially when your partners knows exactly how to turn you on. This tale includes a bit of light spanking, very hot!I wanna tell you a bit about every story, but I donÃƒÂ¢Ã â ¬Ã â„¢t want to ruin it for you. I bought this book a while ago, trying to kink up my kindle. I just re-read the whole thing. I am only sorry I donÃƒÂ¢Ã â ¬Ã â„¢t also have it in

paperback so it can adorn my shelf when it is not at my bedside. If you are looking for something to really get you going or like to read aloud to your partner, get this book. I can almost guarantee you will enjoy it!

This is a good collection of voyeur and exhibition stories (let’s be honest, a lot of us like to watch). It has variety, so you don’t feel like you’re reading the same story over and over again. They also don’t feel like they belong in Letters to Penthouse. It has straight couples, gay/lesbian couples, and a few with more.That being said, several of the opening stories didn’t do much for me. I was actually on the verge of discarding the book until I got to "Audience Participation", which involves webcams, being broadcast, and catching people who irritate you doing naughty things. "Glass" had a few interesting twists. "Missing Michael" was a m/m story with a sweet touch that everyone can enjoy. "Calendar Girl" was a nice ending. IMO, "Audience Participation" is the best story of the collection.

I get angry with myself when I don’t finish a book but the reason I don’t finish a book is because it is just horrible.If you want short spurts of lust with random people having sex, this is a book for you. I need to avoid books like this because I like a plot, twists, characters I can understand or appreciate and a sense of satisfaction when I finish a book. None of these characters are likeable. It’s just people hooking up, having sex and moving on as I have moved onto another book.

ever since the 50 shades movie erotica has sunk to new depts.

I bought this book as a Kindle Cloud purchase, and was very unsatisfied with it.Basically, it’s a compilation of submitted short stories, focused around the theme of scopophilia (voyeurism is watching without permission, scopophilia is watching with consent), but the quality of the writing feels like reading bad anonymous forum fiction. Too much of the book is filled with women authors throwing crude words around to try to impress male readers, without actually containing anything erotic... as a female reader, I was left with the feeling of having been smacked in the face with it. There’s also a heavy element of non-hetero play, isolating those that wish to read hetero action, but there’s no warning of it before you purchase. Some of the stories completely missed the editor’s pen, leaving gigantic errors of continuity (a drag king that the author forgot is supposed to be female under their clothes, with an added insult: a voiced hatred towards the breasts they had, vaguely described as the fat they had bound up, giving a sense that you are looking at a middle aged man with a girdle on a paunch gut- you have to read and reread it to figure out what they’re even cagily

referring to; a man going to the wrong vacation house and the author couldn't even remember the house numbering correctly, etc).The whole thing was so amateur, it turned me off and I stopped reading it. It's collecting digital dust. Not recommended.

Leaves you hot and bothered so what else needs be said? A very good read.
