funny and relevant for my trip to Sardinia..

An entertaining read. You get a real feeling about the unusual land and people of the beautiful isolated island of Sardinia. Recommended if you are going on a trip there. Also bonus recipes that would be fun to try out.

Lots of Sardinia. Not much Baby.

You cannot categorise this book - it is what it is - brilliant. One man’s personal transition to life in Sardinia written with honesty, insecurity and moments of hilarity. Great insights into the culture and history of a nation within a nation, and belly-laughs at regular intervals. And recipes, lots of recipes that elicit a Pavlovian response throughout. A real joy to read.

I love this funny and very human book. The trials and tribulations of this adventurous director as he negotiates his art, and gastronomy, in a new and sometimes perplexing culture are heartwarming. His quirky and mischievous approach to the theatre is particularly appealing. I will definitely be trying some of the recipes - the section on agro-tourism made me feel I was there!

A fantastic read !! Funny, intelligent and informative. Brings all the charm of the Mediterranean to you page by page. A must for any traveller of the region.

I really enjoyed this book. I was reading the book during my trip to Sardinia. Great tips. Wonderful experience! Great book
