Synopsis

Eve has no idea she's the oldest soul on earth, with a pre-wired connection to every other soul on the planet and that the boy she's mysteriously drawn to, named Roman, has been her soul mate, her love of nearly three hundred lifetimes--until he tells her.But what Roman doesn't mention is that the new genetic test called Animus will soon expose what she is to the whole world and that he's being tasked with the impossible; steering her, into the open arms of another, a boy named Jude. She'll learn that Jude's the only brand new soul on earth; the one who's come to change the world, and that the future of humanity rests in their intertwined destiny.

Customer Reviews

"The power of Tiffany FitzHenry's work first and foremost lies in the superb concept she has created. The Oldest Soul: Animus sits on the border of young adult and adult fiction. Ã Â Brilliantly crafted, well written, and compelling, The Oldest Soul: Animus is a true page turner that will satisfy audiences of romantic fiction and sci-fi alike. I would recommend it to readers seeking something totally original, detailed, and deep."Ã Â ~Ã Â Reader's Favorite 5 StarsÃ Â Ã Â

Ã Â Ã Â "A captivating story that espouses the belief that human souls do exist, that we are reincarnated a number of times, and are naturally drawn to our past lovers and repelled by our past enemies.Ã Â As Eve O'Cleirich slowly finds out about her past lives and her real self, the revelation that Eve is the oldest soul in the world carries with it a lot of responsibilities as her brother is plotting something that will change the world as we know it.Ã Â The Oldest Soul is certainly thought provoking and Tiffany FitzHenry is an author to watch out for."Ã Â ~ Readers Favorite 5 StarsÃ Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â "The characters come to life on the pages. I love the double meanings of the names she gives her characters; they are eloquent, yet profound. Written from the point of view of the heroine, FitzHenry allows the reader to dwell within her character's soul and mind, knowing her thoughts, feelings and imaginings.Ã Â The main character is strong, brave, yet vulnerable. Her vulnerability allows her to blossom and grow dynamically as the story progresses.Ã Â The story plot develops with ease and intrigue, not giving away too much too soon. Animus is captivating and intelligently written, enveloped with vivid and figurative descriptions.Ã Â The cliffhanger ending stabs your heart, leaving a gaping wound that needs to be satisfied by the knowledge of what happens next." Ã Â ~ Readers Favorite 4 Stars "Every aspect of this book appealed to me. I was drawn in by characters that I wanted to love or hate, and flawless descriptive writing. There was a perfect tempo to the story and each chapter ended with me yearning to know what happens next. Neil Gaiman watch out!" Ã Â ~ Ã Â Sidney WoodÃ Â "I thoroughly enjoyed this book. Fascinating concepts that linger in your mind... Have we lived before, and if so, how often and who were we? How would this knowledge affect and form us, and the world? Would we be attracted more to someone we've known over and over before (a soulmate), or someone entirely new? Excellent characters that are unique and easily distinguishable from one another. Very creative exposition and descriptive sentences. Can't wait for the next one!" Ã Â ~ Ã Â SuzlewÃ Â "This is one of the best books I've ever read. The concept was so intriguing it keeps the reader wanting more. I can't wait to see where Eve's journey ends" Ã Â ~ Ã Â 5 StarÃ Â "This book is nothing short than spectacular and full of excitement!!!!" Ã Â ~ Ã Â Irving MartinezÃ Â "I read this book twice in four days. The first time was so fascinating to me, that I read it again to make sure I got it all. I can't wait for the second one, I hope it is soon." Ã Â ~ Ã Â Deborah VarelisÃ Â "I must say I'm downright ecstatic about this amazing book! I like how the lives of all the characters interweave and how their actions affect one another, and how everything plays out what's meant to be. I can't wait for the second one. I definitely found my new favorite book! What a masterpiece!" Ã Â ~ Ã Â Natasha CrossÃ Â "I LOVED this book! I had a hard time getting into the

book because I felt so confused and didn't really understand what was going on. However, that's what ended up making the book a page turner because I wanted to keep reading to see who Eve was and what was going to happen. The reader finds out what's happening as the main character, Eve, finds out who she is and why she's so different. An easy read for young adults and adults. This definitely has me intrigued about "old souls." I wish there was a true test to see how many lives I've lived! I would definitely recommend this book!" Ã Â ~ Ã Â Heather HulseÃ Â "This book was so hard to put down! Such well developed characters who it was fun to root for (and some against!) The ideas of reincarnation, souls and soul mates are exciting and make you think." Ã Â ~ Ã Â Karen L. NugentÃ Â Ã Â Ã Â

Tiffany has said that the story of The Oldest Soul had been "making its presence known" for several years. Eve first sprang into her mind--like a bucket of cold water in the face--while on a walk in 2011, she promptly went home and wrote the first 4 pages (which have remained unchanged since). But she filed Eve's one-of-a-kind journey away in her mind when work on other projects beckoned. "I've been a writer of all forms of stories since I was around seventeen and the potential success of one of my TV pilots took me further from Eve's story, but what I didn't realize was that I was always amassing inspiration for what would one day become The Oldest Soul. Everything in my world somehow always circled back to Eve."In the spring and summer of 2015, in a matter of months, she breathed life into ANIMUS, or rather, it breathed life into her ... "The story is a force of nature--and seemed to move through me like an incredible breath of life from someplace else."Tiffany has always said that stories "know what they want to be." And that as a writer she feels it's her job to "show up and get out of the way." Never has that felt so true than when Eve is telling her story. "Honestly ... I just write it down.""Elaborate worlds infused with real human emotions and strong characters with thought provoking stories are what fills my soul." Tiffany has spent the past few years creating such worlds in the form of original feature screenplays and T.V pilots as a screenwriter represented by David Boxerbaum at Paradigm Talent Agency. The Oldest Soul - ANIMUS is her debut novel.

I first took the quiz that is so brilliantly connected to this book. Immediately I wanted to know more about the other souls. I had to buy the book. I ordered 3 books so I could give a couple away, but couldn’t wait to read it so I also downloaded the Kindle version. WOW! Great read, couldn’t put it down, finished this morning. I just wanted to turn the page and keep reading! While reading the book I found myself taking sides and rooting for Roman. Team Roman! You can find the quiz on the

books web site, I scored Mountain. I can’t wait to read the next one. #AllSoulsMatter

Funnily enough I read this book after following the facebook page because I loved all of their posts.This book while "teen fiction" genre was a thought provoking yet light read.The title "Animus" is a reference to Carl Jung psychology and the book loosely follows his beliefs in the many stages of human personality and identification. The concept of soul lives and the age of our souls/how many lives we have lived is a theory than many spiritual people (not necessarily religious) feel deeply about and the idea that we keep coming back until we have learnt all of our lessons from ego, to power, to enlightenment and understanding is something that I know I found very close to my own heart.This book was simply amazing and I would recommend it to anyone - you can make it as deep as you want it to be; treat it as a light fantasy read, or take the deeper philosophy that is on offer. I cannot wait for the next one x

I really enjoyed reading ’Animus’ the only problem will be waiting for the next book to come out! Reading this felt so familiar and so bizarre at the same time. What a fantastic concept, carbon dating to see what your ’soul number’ is! I took the test and I have a "Star Soul" so my number is zero! This book paints a frightening vision of what would become of us... very believable, to say the least! The characters are interesting and Phoenix and Roman’s recollections are fantastic! I’m not sure it’s a gift I would like to be in possession of, though.

Every aspect of this book appealed to me. I was drawn in by characters that I wanted to love or hate, and flawless descriptive writing. There was a perfect tempo to the story and each chapter ended with me yearning to know what happens next. Neil Gaiman watch out!

I LOVED this book! I had a hard time getting into the book because I felt so confused and didn’t really understand what was going on. However, that’s what ended up making the book a page turner because I wanted to keep reading to see who Eve was and what was going to happen. The reader finds out what’s happening as the main character, Eve, finds out who she is and why she’s so different. An easy read for young adults and adults. This definitely has me intrigued about "old souls." I wish there was a true test to see how many lives I’ve lived! I would definitely recommend this book!

I was drawn to this book because the subject matter fascinated me. Souls and past lives is not a

subject I have read a lot about and wanted to learn more and see where an author might go with the subject. The book was a quick read, and the characters were interesting. It was not great literature but definitely a book I would recommend for entertainment and for it's thought provoking treatment of the possibility of past lives. I hope there will be a part 2.

This book is a page turner. The story moves along at a nice clip with each chapter having a nice little reveal. The ending drove me nuts because I know that I've absolutely GOT to buy the next one and it's not out yet. Some great and imaginative characterizations of the different lifetime levels afterwards though. Really looking forward to book two.

Agonizingly obsessive in dealing with every emotion aside...an interesting story, even though it tests credibility to the maximum?I am intrigued and tempted to read further?
