Customer Reviews

This is a great tool to help begin my studies as a paralegal and later as a lawyer. This book has taught me so much! This is an easy read. Before the actual content, you are presented with an outline, which can direct you exactly where the information is that you are looking for. I’m so glad I got this to help me with these rules and guidelines. If you are looking for simple and to the point, then his is the book for you.
