Synopsis

This edition...adds an important international perspective on illness and disability. The personal narratives help bring the real world of people who are suffering to the forefront of the scientific discourse."--Doody's Medical Reviews Now in its sixth edition, this best-selling textbook continues to be the most comprehensive and diverse text available on the psychosocial aspects of disability. It examines current thought and treatment approaches to working with individuals with disabilities through the contributions of expert thinkers and practitioners in the disability field. Abundant and insightful narratives by disabled individuals offer a bridge between theory and practice for students in rehabilitation psychology and counseling courses. In addition to completely updated and reorganized material, this edition contains insightful new section introductions, empirically based research articles, and the contributions of international researchers presenting a more global and richer perspective on the psychosocial aspects of disability and illness. It also contains an increased focus on the negative impact of societal attitudes and treatment of disabled individuals on their psychological adjustment to disability. The addition of objectives at the beginning of each chapter and review questions and personal perspectives at the end of each chapter further facilitate in-depth learning. Key Features: Presents the most comprehensive and diverse coverage of psychosocial aspects of disability topics of any textbook available Examines contemporary thinking and treatment approaches in working with individuals with disabilities Provides a bridge between theory and practice through the narratives of individuals with disabilities Establishes a historical understanding of societal attitudes toward disability and treatment past and present of persons with disabilities Analyzes barriers to enabling persons with disabilities and improving social consciousness and quality of life for this population Facilitates course planning through inclusion of objectives and review questions/personal perspectives in each chapter

Irmo Marini, PhD, CRC, CLCP, is Professor in the School of Rehabilitation at the University of Texas-Rio Grande Valley in Edinburg, Texas. He obtained his PhD in Rehabilitation from Auburn University and a MasterÃ¢â ¬â„¢s degree in Clinical Psychology from Lakehead University in Thunder Bay, Ontario, Canada. He is a 2009 recipient of the National Council on Rehabilitation

EducationÃ¢â ¬â„¢s distinguished career award in rehabilitation education, and 2010 recipient of the American Rehabilitation Counseling AssociationÃ¢â ¬â„¢s James F. Garrett distinguished career award in rehabilitation research. In 2012, Dr. Marini was bestowed with an honorary doctorate of science (honoris causa) from his alma mater Lakehead University, and was the recipient of the 2013 National Council on Rehabilitation EducationÃ¢â ¬â„¢s educator of the year award. In 2015, he was the recipient of the Patricia McCollom distinguished career award in life care planning research. He is the co-author and coeditor of seven books, over 40 book chapters, and more than 80 refereed journal publications. He is the former Chair of the Commission on Rehabilitation Counselor Certification, and former President of the American Rehabilitation Counseling Association.Mark A. Stebnicki, PhD, LPC, DCMHS, CRC, CCM, CCMC is a Professor and Coordinator of the Military and Trauma Counseling Certificate Program he developed in the Department of Addictions and Rehabilitation Services at East Carolina University. He holds a doctoral (Ph.D.) and masterÃ¢â ¬â„¢s (M.S.) degree in rehabilitation counseling. Dr. Stebnicki is a Licensed Professional Counselor (LPC) in North Carolina and holds three national certifications; Diplomate in Clinical Mental Health Specialist (DCMHS) in Trauma Counseling through the American Mental Health Counselors Association (AMHCA); Certified Rehabilitation Counselor (CRC); Certified Case Manager (CCM); and a Certified Clinical Military Counselor (CCMC). In 2016, Dr. Stebnicki developed a military counseling training program for the state of North Carolina. The credential, The Certified Clinical Military Counselor (CCMC), trains professional counselors to work with the medical, psychosocial, vocational, and mental health needs of active duty personnel, veterans, and family members.Dr. Stebnicki is also certified by the Washington, D.C.-based crisis response team National Organization for Victim Assistance (NOVA) and North CarolinaÃ¢â ¬â„¢s American Red Cross Disaster Mental Health crisis team. Dr. Stebnicki is an active teacher, researcher, and practitioner with over 30 yearsÃ¢â ¬â„¢ experience working with the mental health and psychosocial rehabilitation needs of persons that have traumatic stress, chronic illnesses and disabilities. Dr. Stebnicki has written seven books (4 edited books with Dr. Irmo Marini) most recently The Psychological and Social Impact of Illness and Disability (7th ed.) (2017, Springer Publishing) and The Professional CounselorsÃ¢â ¬â„¢ Desk Reference (2016, Springer Publishing); and four single-author books, most recently Disaster Mental Health Counseling: Responding to Trauma in a Multicultural Context (2017, Springer Publishing); Empathy Fatigue: Healing the Mind, Body, and Spirit of Professional Counselors (2008, Springer Publishing). He has over 28 articles in peer-reviewed journals, and has presented at over 100 regional, state, and national conferences, seminars, and workshops, on topics ranging from youth violence, traumatic

stress, empathy fatigue, and the psychosocial aspects of adults with chronic illnesses and disabilities. Dr. Stebnicki has served on multiple professional counseling and accreditation boards. He served on the crisis response team for the Westside Middle School shootings in Jonesboro, AR (March 24, 1998) and has done many stress debriefings with private companies, schools, and government employees after incidents of workplace violence, hurricanes, tornadoes, and floods. His youth violence program, the Identification, Early Intervention, Prevention, and Preparation (IEPP) Program, was awarded national recognition by the American Counseling Association (ACA) Foundation for its vision and excellence in the area of youth violence prevention. Other accolades include consulting with former President Bill ClintonÃ¢â ¬â„¢s staff on addressing the students of Columbine High School after their critical incident (April 20, 1999).

BEFORE YOU BUY THIS BOOK, check with your school library and see if you can read it online for free. The book is fine but it is too expensive and I found out after the fact that it is part of the textbooks made affordable program at the University of South Florida and I can read it for free via the USF online library.

Not my favorite text book. Found large sections dry and uninteresting.

I learned a lot from this book. It had very good information, some of which is not usually discussed, like sexuality in paraplegics. However, as much as I learned I found it a very hard book to read because there were not many brakes in the writing, it was intense material, and there were huge in text citations everywhere.

A great book that is easy to read with relevant information on current topics many disabled people and counselors face in today’s society.

good

Book very good condition. Great read!

Great!

Satisfied with the product.
