Synopsis

The Periplus Adventure guides do precisely what a great travel book should do- make you want to get up and go! Periplus adventure guides show you how to get there, and then help make the absolute most out of a stay, leaving no stone, no beach, no fine restaurant or mountain trail untried. With detailed, up-to-date maps, photographs-both new and archival- personal recommendations and inside tips from expert authors, the guides go well beyond the usual travel fare and offer an extraordinary value for the money. This fall, Periplus proudly offers nine additions to the Adventure Guide list, exploring some of the most breathtaking, historically important and lesser known regions of Indonesia and Malaysia and Singapore. These include an updated guide to the exotic volcanic island of Bali; the flora and fauna-rich rainforests of East Malaysia and Brunei; the little known islands of Nusa Tenggara that lie East of Bali from Lombok to Timor; the center of the Indonesian archipelago, Java, rich in Buddhist tradition; the primitive and wildlife-filled province of Kalimanatan: Indonesian Borneo, home to the fascinating Dyak culture; Maluku: Indonesian Spice Islands, a sun-drenched string of pearl like islands in the tropical sea of Eastern Indonesia; the truly wild, mountainous island of Sulawesi-for which this is the only guidebook available; Sumatra, home of mighty rivers, sparkling highland lakes and lush tropical rain forests; and the most comprehensive guide to West Malaysia and Singapore ever produced.

Book Information

Paperback: 412 pages

Publisher: Periplus Editions; 3rd edition (March 15, 2001)

Language: English

ISBN-10: 9625932445

ISBN-13: 978-9625932446

Customer Reviews

I ordered a used copy that was a 1997 edition. Not sure what the situation is with newer ones, but this is still an excellent guide to Javanese culture, with much deeper detail than other books.

Goes in depth about culture. The author includes many side trips and small villages that are worth a visit.

This book contains excellent background information on Java and descriptions of both its major highlights and obscure attractions - particularly archeological remains and national parks - written by a team of expert authors along with photos of stunnning quality.Practical information is found separately in the back of the book, and is somewhat dated but still adequate.Highly recommended, even as a 2nd guidebook if you already have a general Indonesia guide stronger on practical details like Lonely Planet or Rough Guide.
