Customer Reviews

Wallpaper* City Guides are compiled by the magazine’s travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

These are very specialized guides--very few sites but all beautiful. The hotels and restaurants are out of my price range, and at first I didn’t use the guide because it seemed too idiosyncratic and not well set up geographically. But after my first week I turned to it to fill in my experience. I recommended them highly to my brother-in-law who is an architect. I’d rather have given it two stars for most people but five for a few. And they are lightweight and discreet looking.

The book promised off the beaten path, unknown treasures. First it was largely just restaurants and women’s clothing stores. And they were the same places listed in the standard tried and true travel guides. A waste of money. I left in in the garbage in the hotel room in Munich.

Very classy guide with nice pictures and a good selection of things to do/see. My only complaint is

that the things to do are a bit limited and shops, etc, expensive, but I suppose they were going for a minimalist upscale tourist.

Love my bread product. It does its job well. very comfortable and very fine . EVERYTHING IS GREAT. as a gift to tiny, quickly.
