Best Sellers Rank: #146,239 in Books (See Top 100 in Books) #30 inÃ Â Books > Teens > Education & Reference > Science & Technology > Earth Science

Customer Reviews

This is a pretty darn standard textbook approach -- but that is what we were looking for to fill in gaps that we had from our hodgepodge approach.

This book is required for school. Very good introduction to the world of science. Review questions, examples , pictures...

Great condition.

Just what my son needed to have him review.
