Customer Reviews

Getting comfortable with numbers is a big step on the way to success in math in elementary school and beyond. These brand new flashcards are designed to help children get ahead, prepare for kindergarten, and develop a love of learning--and best of all, to have fun doing it! The box contains 230 flashcards with colorful illustrations, plus 10 blank cards that children can illustrate themselves.

Great!

Excellent, thank you!

I have a great time working with my 3yr old daughter who enjoys them also. Great buy. Plenty of

cards to last a while.

These cards are great and there are a lot of them but they are thin and wear down easily, not so great for the pre-k kids.

First I was surprised how the cards are thin and wear down easily.But then I was surprised even more because there are only cards for numbers from one to ten! Seriously?! 240 flash cards and only till 10?! I think even 3 year old kid can learn how to count more than 10.Yes, there are also cards with shapes, but more than a half of all cards just different variation numbers 1-10.
