Synopsis

My name is shouted on rooftops.It’s written on bras, on the inside of bathroom stalls, hell my name is everywhere.To say my name is to experience an orgasm without ever leaving your damn house. My name is Zane "Saint" Andrews. I’m sex. I’m a rock god. I’m also...a virgin.What they don’t know won’t kill them right? Give the people what they want. And what they want is the idea of me; the pleasure they gain at listening to my song and knowing without a doubt I’m talking about them and only them.It worked for a while. Until a nerdy girl with glasses falls at my feet, literally, and suddenly I don’t want to be Saint anymore, what I want? What I really need? Is to be kept. By her. This is a rockstar romance with lots of kissing, sex, funny one liners, and life from a different angle. I hope you guys enjoy, and remember, it’s all about the mallow.

Keep is the second book in the Seaside Pictures Series but can be read as a complete standalone. I don’t know why I didn’t read the first one but I just one-clicked it so that will be changing soon. I am

now invested in this group of friends that are more like family. When I started this book, I knew I would love it but I didn’t expect it to be such an emotional rollercoaster. It made me love it even more!Zane "Saint" Andrews is a rock god. Sex on a stick. He could have anyone, anywhere, anytime of the day. That is what the media thought anyway. Yes. He could be that man but he wasn’t. He was an anxiety ridden, marshmallow junkie that would rather watch The Real Housewives than go to a party. He gave his fans what they wanted even though he didn’t even know what he wanted until he saw her. The blind nerd hot girl that would change everything with one kiss with some amazing Chapstick. Her name was Fallon and that suited her since she would happen to fall into his lap. She thought he was saving her but she was about to save him.Fallon thought she was dreaming. Or maybe it was a nightmare. She wasn’t really sure. Zane had pretty much kidnapped her so she could be his muse. He needed inspiration and for some reason he thought she was it. She couldn’t figure out why since he could have a gorgeous supermodel instead but she went with it. She wanted to help him. Maybe cuz she thought he was a bit crazy. I mean, who carries around marshmallows in their pockets? But as time went on, she liked his kind of crazy. She felt alive. He teased her. She teased him right back. She even rejected his advances but that only fueled his want. He wanted to know her. To kiss her. To be close to her. But he knew he would hurt her but he didn’t want to walk away. Friends. They could only be friends. That’s what they both wanted, right? Right...Fallon didn’t know what was going through Zane’s mind. Was he only kissing her because she was a body and available? She knew he could have anyone if he got over his anxiety and left the house without her. But, she felt she was missing something. What will happen when she discovered the truth? Will she feel defeated or will he?I loved Zane!! His uniqueness was refreshing. He was real, and raw. Fallon is amazing. She has a big heart, and doesn’t realize how special she really is. They both have their quirks and I loved that about them. They made me laugh but they also made me cry. I was fully invested to this couple. They had my heart even when they were driving me crazy. I loved every minute of it. And now, I want some damn marshmallows!Overall...it’s a beautiful, hilarious, and emotional book that surprised me. In the best way. The way Rachel can make me laugh, swoon and cry at the same time is just amazing. I will be reading the first book, Captured soon and can’t wait for the next book, Steal!Quotes:ÃƒÂ¢Ã â ¬Ã Å“ItÃƒÂ¢Ã â ¬Ã â„¢s been a while since IÃƒÂ¢Ã â ¬Ã â„¢ve met a purist.ÃƒÂ¢Ã â ¬Ã Â• Demetri nodded. Oh. My. Goodness. Rachel Van Dyken has once again worked her magical talents and completely stolen my heart once again. I love her brilliant ability to make me laugh, completely connect to the characters as well as make me feel as if my heart is shattered into a million pieces; all while telling a fantastic story. I love how she connects characters from previous stories, propels future storylines and tells a complete story all within the same book.Zane Andews has come to Seaside, Oregon to finish his album and help his friends from AD2 complete a soundtracks for a movie being shot there as well. He is known to be an over the top Rockstar who loves marshmallows, despises clothing while at home and has a personality larger than life. Oh, and unbeknown to the majority of the population, he is also a virgin.Fallon is a local to Seaside. She is starting college in the spring because her financial aid fell through for fall semester. She is unlike any other fan that Zane has known. She doesn't get caught up in the hype, she calls him out on his behavior and she has the awkward sense of style that Zane just can't seem to get enough of.But ther is a side to Zane that hardly anyone knows. The secrets he holds close to his heart, just might be his downfall!

Rachel Van Dyken has done it once again!! I absolutely loved this book and could not put it down once I started it. It's been awhile since I've read a book that has captivated me so completely but this book did just that. I was hooked from the moment I saw that gorgeous cover and all the way to the very last word when I didn't want this book to ever end.We met Zane briefly in the first Seaside Pictures book, Capture but you don't have to have read that book first. This book is a complete standalone. Zane "Saint" Andrews is a rock god who has come to Seaside, OR to hopefully get some inspiration for his new album and help his friends from AD2 complete a soundtrack for a movie being filmed there. He is known for being this over the top rockstar with an insane addiction for marshmallows, prefers being naked whenever he is at home, and having this larger than life personality. Also he has a secret that the public doesn't know: he is a virgin. There is much about Zane that people don't know and it might just be the cause of his downfall.Fallon is a local in the Seaside community and she is off to college in the spring. She is unlike any girl that Zane has known, meaning she isn't caught up in the hype of his stardom, she calls him out on his behavior, and she isn't exactly his type what with her large glasses and her awkward sense of style but he can't help but be mesmerized by her.I loved this two and how they were together. Rachel Van Dyken definitely has a way with words that will have you laughing, yelling, and even crying throughout. This book was one hell of an emotional roller coaster and you won't want it to end. Zane

is my newest favorite book boyfriend and I am claiming him as my own! Can I pretty please keep him?! RVD is one of those automatic one click authors for me and I have loved every book that I have read by her. I can't wait to see what she has in store for us next.
